

## The Plaintive Question:

# What Happened?

By TERRY HAMMOND  
Colonist Legislative  
Reporter

### What happened?

This plaintive question was on the lips of thousands yesterday as they surveyed the wreckage of the "resurgent" Conservative Party, the stagnant state of the Liberals and the tarnished image of the NDP.

Officials of all three opposition parties had felt that if ever there was a time to beat the Bennett government it was now.

But the wily hardware merchant from Kelowna decisively outmanoeuvred the Nanaimo carpenter, the Vancouver huckster and the Kamloops Rhodes scholar.

### JOB SECURITY

Not only did Premier Bennett drub their parties at the polls, he shook their job security.

In Vancouver yesterday there was growing discontent with party leadership within the ranks of the NDP and the Liberals.

Robert Strachan, with the aid of more party funds than the B.C. NDP has ever had before, ran an apparently brilliant campaign that just didn't work. There is a feeling the diehard socialists who only reluctantly took two smart steps to the right as a result of Mr. Strachan's moderation pitch.

### Starting Pitchers

Best pitchers in respective leagues, Whitley Ford of New York Yankees, left, and Los Angeles Dodgers ace Sandy Koufax, both left-handers, are starting pitchers for world series opener in New York today. See details on Page 2. (AP Photos).

## Little Girls Stripped And Slain

MINNEAPOLIS, Minn. (UPI)—Two little girls apparently kidnapped from their south Minneapolis homes three weeks ago were found stripped and slain today in a wooded area near a suburban treatment centre for alcoholics.

The bodies of Melissa Ann Lee, 5, and Barbara Foshag, 4, lying face up side by side under an elm tree, were identified by Melissa's step-father, Melvin Levrett.

Capt. Henry Deason, head of the Minneapolis police homicide division, said "It seems certain now that they were kidnapped and slain."

"By whom is another question," he said, "and we won't know whether they were baited into a car with candy or forcibly abducted."

A playmate told police that a black-haired stranger with candy enticed the girls, forced one of them into his car and that the other followed voluntarily.

Federal Bureau of Investigation agents, Minneapolis and suburban police and Hennepin County sheriff's officers rushed to the scene.

## Military Shift

# Some Units May Go

HAMILTON (CP)—Defence Minister Paul Hellyer said Monday night decisions about scrapping some elements of Canada's armed forces are likely to be announced shortly.

The review of defence, Mr. Hellyer said in an interview, is proceeding on schedule.

"Some papers are finished and by

the end of the year the review should be finished," he said. In some cases particular elements of the new policy will be announced before the general policy is unveiled.

A white paper on defence is to be presented to Parliament in December. Mr. Hellyer said the document is classified but parts of it will be declassified in time.

# FLORA KILLS AT LEAST 17

PORT OF SPAIN, Trinidad (AP)—Hurricane Flora killed at least 17 persons and injured hundreds on a destructive sweep Monday across the Robinson Crusoe storybook island of Tobago.

The violent storm Tuesday night roared west-northwest from the eastern Caribbean over open seas toward the northern periphery of the West Indies.

On Tobago the casualties were announced by the local Red Cross. It said many were homeless as well in the wake of Flora, which had winds of 110 miles an hour.

**MASS OF WRECKAGE**

Witnesses said Trinidad's sister island, an outlying part of the new Trinidad-Tobago nation, was a tangled mass of wreckage.

More than 24 hours after the hurricane hit it was not possible to estimate the extent of damage, mainly because communications between Scarborough, the capital, and the rest of the island were cut.

The hospital was jammed with injured people, forcing authorities to limit admissions to serious cases.

Electricity, telephone and water systems cannot be restored for several days, or even weeks. Thirsty islanders, collecting water from muddy pools, have been warned by medical officers that unless every drop is boiled there is danger of a typhoid epidemic.

**STATE OF EMERGENCY**

A state of emergency was declared on Tobago.

Buildings destroyed include the Anglican Church of St. Andrew; the old Roman Catholic Church; and the convent. Coconut estates were flattened and there has been great damage to livestock.

### Seawall

## Death Calls Time

VANCOUVER (CP)—James Cunningham was "bound and determined" to finish the stone seawall around Stanley Park all by himself.

But the craggy old stone-mason died in hospital Friday, his goal within sight.

Mr. Cunningham, 85, labored on the park seawall more than a quarter century, completing three miles.

**WEATHERBEATEN**

The years left him as weatherbeaten as the wall itself, but he was determined to finish the last 1½ miles.

"He was bound and determined that no one else would do it," his daughter, Mrs. A. J. Millard, said Tuesday. "But I guess it just wasn't meant to be."

Mr. Cunningham suffered a stroke Thursday as he prepared to leave for work.

## Unions Reach Impasse Trustee Plan Goes On

OTTAWA (CP)—An impasse has been reached in talks between Canadian and United States trade union leaders seeking to draft a private trusteeship plan to clean up labor lawlessness on the Great Lakes.

Informants said Tuesday night that the Canadian Labor Congress has laid out specific conditions which must be met in any union-sponsored clean-up of the Seafarers' International Union of Canada.

### SIU OPPOSITION

So far, the conditions have not been accepted by the AFL-CIO—and in particular by Paul Hall, an AFL-CIO vice-president who heads the 75,000-member SIU of North America.

The stalemate in the trade union talks indicates the government will proceed as planned with its legislation to impose a public trusteeship on the SIU and four other marine unions.

The 11th-hour manoeuvring is expected to continue up to the trusteeship becomes law.

### FIRST MOVE TODAY

Labor Minister MacEachen served formal notice Tuesday that the first step in imposing the trusteeship will be taken in the Commons when a resolution preceding the actual legislation moves onto the government order paper today. Mr. MacEachen is expected to make a statement during the question period.

## Ottawa Will Back Takeover to Hilt

OTTAWA (CP)—If the government imposes trusteeship on Canadian maritime transportation unions, it is prepared to back the trustees with every power at its disposal, a reliable source said Tuesday.

Plans have been mapped to deal with various possible counter-attacks on the federal trusteeship—from wildcat walkouts that might tie up lake shipping to court actions that contest the legality of the trusteeship legislation.

Under the government plan, the trustees would be armed with authority to enforce the no-strike provisions of existing

collective agreements between shipping companies and the five unions involved in the trusteeship.

The justice department also would be ready to fight any court action trying to upset the legality of the trusteeship.

The Seafarers' International Union of Canada (Ind.) has indicated it plans to use every legal weapon at its command to fight government intervention in its internal affairs.

In the past, the SIU has won its way with shipowners by calling its crews ashore for so-called prolonged "prayer meetings."

## Editor Demands Return Of Island to Indians

VANCOUVER (CP)—Mrs. Maisie Hurley wants Vancouver Island given back to the Indians or she'll go to the United Nations.

Mrs. Hurley, publisher of The Native Voice, has launched her campaign over the firing of two Indians, Cliff White and David

Bob, for possessing six deer carcasses out of season, despite a document signed by Governor James Douglas giving Indians the right to hunt over unoccupied lands.

"The magistrate found the treaty is invalid," Mrs. Hurley said. "I agree, and the land should go back to the Indians."

## Third Bomb Arrest As Dynamite Found

BIRMINGHAM, Ala. (AP)—A third man was arrested and a large quantity of dynamite discovered in a wooded area north of Birmingham Tuesday in a wooded area north of Birmingham Tuesday in a continuing investigation of Birmingham racial bombings.

The third man arrested, John W. Hall, 36, of suburban Gardendale, was released on \$300 bail, having been charged with illegal possession of dynamite.

One of two men arrested Sunday was granted bail in a habeas corpus hearing. All three men are charged with illegal possession of dynamite, a misdemeanor.

Col. Al Lingo, commander of the state highway patrol, an-

nounced Hall's arrest Tuesday afternoon a few minutes before a habeas corpus proceeding for Robert E. Chambliss, 39, who was taken into custody Sunday and held on open charges.

## Driver Rushes Girl To Hospital in Bus

A nameless driver of a passenger-filled B.C. Hydro bus earned the undying gratitude of an injured child's mother yesterday by going off his route and making an emergency run to St. Joseph's Hospital.

Eleven-year-old Roberta Powell, 1048 Pandora, scalded herself when a milk bottle filled with boiling water exploded and ran over her.

Mr. and Mrs. B. E. Powell were standing at Pandora and Cook waiting for the police when the bus driver pulled up and asked if he could help.

The couple, with their little girl crying in pain, boarded the bus.

"I didn't think of fares or anything. The passengers didn't complain. They seemed as anxious as we were to get the

child to the hospital," Mrs. Powell said. "When we got there I just jumped out. I didn't get his name. I would like to thank him."

Roberta was in satisfactory condition last night.

## Second Vote Halts Mathematics Crisis

EDMONTON (CP)—Canadian university student leaders bogged down in a problem of simple arithmetic yesterday morning during the 27th annual meeting of the National Federation of Canadian University Students.

The conference was asked to rule on a motion to move into committee to study ways to avert a threatened split between French and English-speaking students. A two-thirds majority was required to carry the motion and the vote was 26-14.

The chairman ruled the motion received the required majority, but several delegates disagreed. The session waited while the chairman went over his arithmetic.

He finally declared he could not resolve the mathematics. Neither could three others assigned to calculate the figures. The chairman ordered a second vote and the motion was carried without question.

## U.S. Voices Fear

# Columbia Trouble?

OLYMPIA, Wash. (AP)—Prospects for Canadian ratification of the Columbia River treaty have been dimmed by re-election of Premier W. A. C. Bennett's Social Credit party in British Columbia, a Washington state official said Tuesday.

Earl Coe, director of the Washington department of conservation, said "we've heard constantly for the last three years that Canada was about to ratify the treaty."

"Mr. Bennett has changed his mind on one pretext or another

each time it looked like Canada was going to sign."

Coe's statement contradicted reports from both Ottawa and Victoria that re-election of the Social Credit government would expedite ratification of the treaty.

### AGREEMENT NEAR

In Victoria, Attorney-General Robert Bonner said the treaty should be agreed to by both the United States and Canada late in December.

In Ottawa, Prime Minister Pearson indicated in the Commons that reappraisal of the treaty, already signed by the U.S. although not yet ratified by Canada, is nearly complete.

### STUDY PLANNED

Coe said that because there may be still another delay, the state of Washington will make an independent engineering and economic analysis of the means of obtaining alternative flood control and power benefits in the United States "without upstream storage impoundments in Canada."

## Will Seize French Farms Ben Bella Tells 100,000

ALGIER (AP)—President Ahmed Ben Bella announced Tuesday night the seizure of all farmland in French hands in what observers interpreted as an effort to rally peasant masses around him.

He made the announcement before some 100,000 Algerians massed to show support for the government in its struggle against French domination in the Kabylie mountains.

"Starting now, there will not be a single acre in the hands of French settlers," Ben Bella said to the roar of the crowd. At the same time, he vowed that blood will not flow in the crisis.

Meanwhile Morocco denied Ben Bella's charges made Monday that Morocco was supporting opposition to Algeria and had troops stationed within 10 yards of the border.

## Still Summer in Victoria

Letting their skin glow in warm October sunrays are regular cribbage players who go to beach on every sunny day: from left, Mr. and Mrs. Henry Browning of 244 Simcoe, and holders of 25-mile medallions in 50-

mile Colonist Walkathon last March 30, Mr. and Mrs. Harry Honeyset of 2649 Graham. Air temperature was at modest 64 degrees yesterday, but in sun it felt like summer again.—(Bud Kinnaman)

## H-Bombs for France Prediction for 1966

PARIS (UPI)—The authoritative magazine National Defence Review said Tuesday France will have hydrogen bombs in 1966. The prediction indicated French scientists have lapped two years off their original target date.

The magazine also said that by 1966-67 France will have its own intermediate range ballistic missiles and at least one nuclear submarine.

From Page 1

## What Happened?

are already launched on three smart steps to the left.

Liberal leader, Ray Perrault, ran a confused, lacklustre campaign which miraculously left his legislative strength unscathed at five seats but which left a lot of Liberals wondering just where they are going.

### THERE ARE OTHERS

The defeat of Vancouver Mayor William Rathie in Vancouver Point Grey killed off one Liberal leadership contender, but there are others.

Tory leader David Fulton is probably the most secure of the three opposition leaders, but largely because there is nobody else of stature who wants his job. Tory officials are downright discouraged.

Some of them are expressing doubts that the party can ever find even a 44-candidate slate with which to oppose Social Credit.

Throughout B.C. political circles today there exists a serious doubt the end of Social Credit in B.C. is even in sight so long as there remain three parties to carve up the opposition vote.

### Your Good Health

## Stomach of a Goat Isn't Right for You

By JOSEPH MOLNER, MD

Dear Dr. Molner: Has there been a transplant of the stomach of animals, such as goats or sheep, to the human body?—J.F.

No, not to my knowledge. The idea of successfully transplanting organs (stomach, lungs, kidneys or whatever) is an intriguing one, but to accomplish it is difficult.

Surgically, it is possible to perform any number of "transplants." Transplanting is not the problem; it is one of making the transplanted organ grow and function.

### BASIC DIFFICULTY

Regardless of the organ, the basic difficulty is that the body rejects and in time destroys any tissue which is strange or foreign to itself.

Except as a temporary expedient, we do not always expect borrowed skin to continue to grow. If such as in cases of severe burns, or other injuries we have to replace an area of skin, we take it from some other part of the patient's own body. The grafted skin becomes permanent. And new skin grows in the place from which the graft was taken.

In dogs, by use of very powerful drugs, it has been possible

to subdue the "rejection" action of the body so that a transplant has been known to survive for months and in one case for more than two years.

But when we come to the greater problem of transplanting an organ from one species to another we have not yet found the answer. However, I am optimistic enough to believe that we eventually will.

\*\*\*

Dear Dr. Molner: Can a person do anything to tighten the skin of face and neck without plastic surgery? Is there any pill or vitamin?—Mrs. D.C.

No.

Dear Dr. Molner: Our youngest daughter has started adding extra sounds to the ends of her words. Like "What's that-t-t-t?" or "Yes-a-a-a." Sometimes she uses the first letter at the end. Like "Door-d-d-d-d." Could this mean she is going to be inclined to stutter? Or is this stuttering in reverse? She has been talking clearly since she was one year old.—D.E.W.

This may be a form of stuttering. Start trying to get her (with not too much pressure, though) to talk more slowly. That may help her.

## The Weather

OCT. 2, 1963

Mostly sunny. Little change in temperature. Winds light. Precipitation nil, sunshine 9 hours, 24 minutes.

Tuesday's recorded high and low at Victoria 64 and 51. Today's forecast high and low, 62 and 50. Today's sunrise 7:14, sunset 6:32.

East Coast of Vancouver Island—Fog patches in the early morning. Sunny in the afternoon and evening. Little change in temperature. Winds light except southerly 15 over the water. Precipitation nil. Tuesday's recorded high and low at Nanaimo 60 and 43. Today's forecast high and low, 70 and 45.

West Coast of Vancouver Island—Cloudy. Showers mainly north of Estevan Point. Little change in temperature. Winds southerly 20. Forecast high and low at Estevan Point 62 and 55.

# Men, Girl Defy Death Strip

ESCHWEGER, Germany (UPI)—Two men and a 17-year-old girl told how they spent 2½ shivering days hiding in the mine-sown Communist "death strip" along the Iron Curtain border before escaping to the West. The girl called it a "nightmare with a happy ending."

The men, aged 21 and 22, and the girl stumbled into West Germany Monday night after hiding since Saturday in bushes on the Communist side of the border while East German guards marched back and forth within inches of them.

"We were cold, we were hungry and we were scared," said the girl.

Even the hardened West German police officers appeared awed as the slim girl told the story.

The anti-refugee death strip they safely negotiated is thick with multiple barbed-wire fences, land mines, police dogs and machinegun nests. It is patrolled constantly by Communist guards and swept by powerful searchlights throughout the night.

The girl said she and the two men, all childhood friends, left their children in the East German state of Thuringia Saturday. She said the first barbed wire barrier was not too great an obstacle.

"One of the men cut the wire

and we slipped through," she said. But the icy waters of the Werra River came next and she was a poor swimmer.

The youths tied a rope around her waist and towed her across the 60-foot-wide river. They scrambled up the west bank into the mine-filled death strip, then they heard the clomp of East German guards.

"We dug in behind some bushes and waited for the guards to go away," the girl said. "We were shivering in our wet clothes. We had no extra clothes and no food. We hadn't expected anything like this."

"We could see the final fence from our bushes. But every time we wanted to make a break for it, we saw or heard border guards."

They waited and shivered all day Sunday and Sunday night the guards kept marching to and fro.

When Monday night came, a sudden silence fell. There were no guards in sight.

One of the young men, an East German soldier on leave, poked the ground ahead of them with a long stick to trigger any mines. Inch-by-inch, they moved forward, cut a passage in the final barbed wire fence and crawled into West Germany.

## \$100,000 Liquor Grabbed

MONTREAL (CP)—Three men, one armed, stole a trailer with \$100,000 worth of liquor in it early Tuesday.

They tied up a passerby and the night watchman of the Gagnon Transport Co., stuffed the men into the trunk of a car and drove the car far from the scene of the theft in east-end Montreal.

## Lethal Oil Burners Didn't Have Permit

VANCOUVER (CP)—A fire investigator testified Tuesday the oil burners which exploded at Woodbine Aug. 18, taking seven lives, had no permit to operate.

Alex Walker, investigator for the fire marshal's office, told an inquest into the pulp mill blast there was no official record of the burners being inspected.

SHOULD HAVE

"We don't know if they were safe," he said. "When they were installed we should have been told to inspect them. This is what regulations require."

"If we had inspected the burners perhaps we would have noticed possible lack of safety measures."

The oil burners were part of the recovery room boiler at the Rayonier Canada Ltd. plant.

Tom Miller, the company's chief steam engineer, testified there was no defect in his knowledge in the boiler or its burners.

R. H. Reynolds, manager of

the company which installed the burners, said all proper safety equipment available at the time — in 1960 — was included in the boiler system.

Starting with Newfoundland.

## TEMPORARY RELOCATION OF BUS STOP

DOUGLAS at YATES (Rose's)

Due to building construction work, the bus zone at present located on the east side of Douglas Street between Johnson and Yates Streets will be re-located one block south, between Yates and View Streets. Buses using the temporary stop will be:

- Oak Bay (No. 2)
- Mount Tolmie (No. 4)
- Lake Hill (No. 6)
- Gorge (No. 8)
- Haultain (No. 10)
- Willows (No. 12)
- Victoria West (No. 15)
- Carey (No. 19) and Cook-Cedar Hill-Maplewood

(No. 20) buses will continue to pick up passengers in the old zone from 6:10 a.m. to 6:15 p.m., weekdays only. After 6:15 p.m. weekdays and all Sundays and holidays passengers for these buses will use the new zone.

This change will become effective at approximately 8:30 a.m. Thursday, October 3, 1963.

## Bishops Favor Major Change

VATICAN CITY (CP)—A decisive vote at the ecumenical council opened the way Tuesday for a sweeping new Roman Catholic outlook toward Christian unity.

An official council theologian said a schema, or topic, approved in principle contains modern theological thinking that "all who are baptized and share a Christian faith belong somehow (to the one church). In a mysterious way not yet fully understood."

The schema is "de ecclesia" (concerning the church), a topic that explores the nature of the Roman Catholic Church.

### FOUR CHAPTERS

More than 95 per cent of the 2,300 council fathers voting in St. Peter's Basilica approved the general outlines of the schema and authorized detailed discussion of its four chapters.

Before the schema emerges from the council in its final form, the document undoubtedly will be altered. It has weathered its first test. An adverse vote might have shelved it.

### PASTORAL SPIRIT

The original document was thoroughly revised during a nine-month recess after the council last fall felt it lacked an ecumenical and pastoral spirit. Pope John XXIII agreed with the prevailing attitude that all the schemata should be phrased to help the Christian unity cause and reach the understanding of the average Catholic.

Cardinals, archbishops and bishops who took the floor in the first days of the second session found that the revised schema generally lives up to the mandate of Pope John and his successor, Pope Paul VI.

Pope Paul

## College of Prelates Urged by Canadian

VATICAN CITY (AP)—The creation of an apostolic college of prelates from around the world, to work with the Pope, was suggested Tuesday by a Canadian archbishop at the ecumenical council.

Most Rev. Maxim Herman, 51, Ukrainian rite archbishop of Winnipeg, said such a college of diocesan prelates

and cardinals — not Vatican curia members — would emphasize the fact that the universal jurisdiction of bishops is not restricted to the world on ecumenical councils.

His college would be made up only of cardinals running dioceses, patriarchs and a certain number of other residential prelates. The Pope would preside over the college.

## Valachi Fingers Killer

WASHINGTON (AP)—Joseph Valachi put the finger on an old gangland crony Tuesday as the trigger man in a series of mob war slayings 33 years ago.

The man, Valachi told investigating senators in a rambling, disjointed account of the gang battle he calls "the Castellammarese War," was Girolamo Santuccio, alias Bobby Doyle.

The victims, he said, were gangland bosses Joseph Pinzolo, Alfred Mineo and Steve Ferrigno.

### SET UP KILLING

Valachi said his gang assigned him to keep an eye on Ferrigno to set him up for slaying in the undeclared war between rival mobs.

In 1960, Valachi said, Doyle was living in Stamford, Conn., running a restaurant and operating juke boxes and a book-making setup. Valachi said it was Doyle who talked him into joining La Cosa Nostra, the vast

crime syndicate he served for 30 years.

In New York police files, the slayings are still marked "active." And the slayers are labeled "persons unknown."

Chairman John L. McClellan (Dem. Ark.) of the Senate investigations subcommittee said Valachi's testimony should give police new leads in their efforts to catch the killers.

## Talks Asked By Ontario

WASHINGTON (UPI)—The three-member Ontario police commission will meet Attorney-General Robert Kennedy Thursday in hopes of arranging a private session with former Joseph Valachi. He said last week the secret crime group Cosa Nostra operates in Canada.

Valachi also told stories of traced their background to a small village in Sicily. He said at one point that a gangland leader had condemned to death everyone who came from the Sicilian village called Castel del Mar—and that was the ancestral home of most of the men in an opposition gang.

## Russia Adds To Force In Far East

MOSCOW (UPI)—Diplomats said Tuesday Russia is strengthening border guards along the frontier with Red China and sending naval reinforcements to the Far East.

The moves followed disclosures that Chinese Reds last year machine-gunned to death dozens of men, women and children who sought permission to enter Russia from Sinkiang province.

In China, gigantic parades—500,000 in Peking alone—marked the 14th anniversary of the beginning of Communist rule.

## UN Arms Summit Welcomed

UNITED NATIONS (CP)—British Foreign Secretary Lord Home Tuesday cautiously welcomed a Soviet proposal for a UN summit disarmament conference next year.

But, he warned the UN General Assembly, serious preparation would be needed, and confrontations of East and West — such as the Berlin Wall — should not be glossed over.

Meanwhile, Washington reports said U.S. and Russian officials in Moscow are negotiating a treaty for consulates outside national capitals to handle tourist and trade needs.

## The Voiceless Force

MONDAY'S ELECTION result may well give the partisan forces of British Columbia reason to believe that here at least a political party is only as strong as its leader.

Though Premier Bennett's position as an able manager of his party organization certainly cannot now be challenged, serious doubts may arise regarding the capabilities of those who direct the fortunes of the three opposition parties.

Certainly, neither Mr. Strachan nor Mr. Perrault can look upon the recent provincial poll with much, if any, satisfaction, for though each retained his seat handily neither the NDP nor the Liberal party succeeded in strengthening their representation in the legislature. On the contrary, both parties lost ground in their share of the popular vote.

Under Mr. Strachan's leadership the New Democratic Party now finds itself once again going down hill, its popular vote reduced from 32 per cent to 28 per cent. Mr. Perrault's party fared little better with the Liberal share of the popular vote reduced to 20 per cent, marking a steady decline from its high mark of 25 per cent in 1952.

Indeed only the lowly Conservatives kept pace with the victorious Social Credit party in tallying any increase, coming up from just under seven per cent in the 1960 election to 11 per cent in this one.

However, unlike the other party leaders, Tory captain Dave Fulton failed to be elected despite the fact that he put up as gallant a fight as his courageous—or stubborn—election strategy would allow. He now, with his party, faces another five years of political obscurity. Whether either can survive another such term in the wilderness is a matter of conjecture.

If the much touted Liberal-Conservative "third force" have learned nothing else from this election they should now know that they cannot hope to win a political contest unless they possess three major and equally important ingredients within their respective associations: strong leadership, sound organization and a solid platform.

Unfortunately neither of the old-line parties could offer the public this combination. Each possessed only one of the required qualities—and one was not enough. Their reward for such failure is that both will be denied an effective voice in the parliament of British Columbia for the next half decade.

## Time to Start

A NOTE OF DISMAY is contained in the remark of Dr. Norman A. MacKenzie, president of the Canadian Centenary Council, that not a single community project to mark the 100th anniversary of Confederation has yet come through a provincial government to the national centennial administration for approval. This is the course plans must take in order for Ottawa to match provincial and local outlays up to a dollar for each person in each province.

It may seem early to be critical of such a situation when the centenary is still more than three years away. One would not expect that in many communities plans would have advanced to a firm and detailed stage yet. But nevertheless there is little doubt that in final agitation not a few cities and towns will wish they had got to work sooner.

If local governments lag in this respect though the blame is not entirely theirs. There has been a conspicuous lack of a drive at the provincial level to encourage them to start active preparation at once for the observance of the centenary. Perhaps that lack reflects absence of pressure from the federal administration, although in view of expressions of concern from the federal government it would be surprising. But in any event it is time to start for the provincial government to start giving communities more positive leadership and organization, and for the latter to come more closely to grips with what they want to do for 1967.

## Beyond the Law

NOW THAT the dispute between the B.C. Power Corporation and the B.C. government over the terms of the take-over of the B.C. Electric Company is happily settled, and the voters of this province have shown their approval of the government in no uncertain terms, it might be assumed that the book has been finally closed on this controversial affair.

However, this may not be the case. There still stands the 400-page judgment of Chief Justice Sherwood Lett in which the new B.C. Hydro and Power Authority, the Act by which the legislature authorized the take-over of the B.C. Electric, and the later Amending Act, are all declared to be ultra vires.

Attorney-General R. W. Bonner, following the settlement of the financial end of the dispute, is reported to have said that the agreement of the two parties to a figure set by the chief justice meant that the whole judgment was wiped out.

It is the attorney-general's view that Chief Justice Lett's judgment has not been perfected and that it remains in limbo.

Not all legal opinion, however, concurs on these points. There is a considerable body of opinion that the private settlement cannot change the fact that Mr. Lett has declared the B.C. Hydro and Power Authority to be an illegal entity. It might be argued that this stands until such time as either there is a new and intra-vires authority created by the legislature, or there is an appeal made against the legal aspect of Mr. Lett's judgment.

Unless this latter course is adopted, it seems likely that in any further disputes on the status of provincially registered companies with a federally chartered parent or associate company, Mr. Lett's undisputed judgment will be used as legal precedent.

This could react against not only British Columbia, but any other province that might find itself in a similar fix. The longer Mr. Lett's judgment goes unchallenged the stronger its influence will be.

Until the status of B.C. Hydro and Power Authority is cleared up, therefore, it is liable to find itself tied up with legal complications from any party having a complaint against it.

Could for instance "an ultra vires" corporation sue in law for settlement of an account due by one of its customers?

On these grounds it would seem essential that Chief Justice Lett's judgment be appealed without delay.

"Now, if we can include wheat purchases from the United States in our highly successful farm program we'll manage to scrape through the winter."

## Thinking Aloud

... of shoes, and ships,  
and sealing wax ...  
By TOM TAYLOR

I WAS a bit startled when I noted the name of Joseph Kasavubu in the news this week. I had forgotten all about him. I didn't know whether he was still around or who was now running the show in the Congo.

So quickly in this fast-moving world do names spring into the headlines and, having had their day, recede into the limbo.

Actually it should be hard for me ever to overlook The Congo. I have a large map of Africa on my office wall, facing me. And it's 60 inches by 30 inches, so you see it is anything but diminutive. When I lift my eyes as one does when trying to suppress some profound thought, there it is staring straight at me. And The Congo is right in a privileged position on the map—in the centre.

I must look at it many a day and never see it. A not uncommon experience with yours truly in connection with other things.

President Kasavubu has made a comeback into my preview and the news pages, however. Rather more pleasingly even if he is personally disturbed. He more UN soldiers seem to be having their faces slapped in The Congo these days, or otherwise and more severely maltreated.

Peace of a sort at least seems to be reigning at the heart of the Dark Continent.

Excepting only that Congolese parliamentarians are not doing as their president would wish. It is three years since the UN African state received its independence but it hasn't yet managed to draft a constitution, and Mr. Kasavubu is vastly annoyed.

Perhaps he should learn patience; some of our own parliamentarians have been ignoring law for years that Canada doesn't have a constitution of its own. Happily there isn't a Kasavubu in Ottawa to send the legislature home in disgrace because they haven't framed one, as the Congolese president has done.

Although probably many a Canadian prime minister has felt he'd like an occasion to have this power.

I did manage a bit of sympathy for Mr. Kasavubu, nevertheless. He complains that his legislators of both Houses won't stick to the subject; they have a provoking habit of talking all around it or of departing on sidelines of unrelated interest.

In short, wandering in their discussions all over the place.

How familiar this sounds. Read a copy of Harvard, any copy, and you will find our own shops to be masters of circumlocution, and experts at avoiding the central theme by discussion by turning the spotlight on something else.

And, of course, not only MPs, either black or white. The most difficult part of all debate, or discussion of any kind for that matter, is to hew to the given topic. Any club committee chairman, having gathered his flock for a heart-to-heart talk on the job at hand, has the device of a task holding them to the matter before them.

Often it seems they'll talk on anything but the subject awaiting their attention.

This is particularly the case in countries like our own, where every man is free to speak his mind even if he goes off at a tangent and wastes a lot of valuable time by not sticking to the issue in question.

Indeed the Congolese may just be proving their democratic bent, and copying the habits of our politicians.

Only this doesn't suit Mr. Kasavubu, apparently. And so he comes back into the focus of the news to remind us that while out of sight may be out of mind, the waters of the Congo still ripple with dissent.

## Lot to Live Up To

### Don Adolfo's Record

By J. BALDWIN FERGUSON  
from London

MEXICO, too often associated in the public mind with banditry and backwardness, has become one of the most politically stable nations in Latin America, and since the end of the Second World War it has progressed economically and socially faster than any other.

This has been underlined by the fifth annual State of the Union message delivered by President Adolfo Lopez Mateos, who in effect was giving an account of his stewardship, since elections are due next July and under the Mexican constitution a president cannot succeed himself.

Don Adolfo could well feel pride in the account he rendered, for although considerable progress had been achieved under many previous administrations the final pacification of the country in the 1930s which marked the successful conclusion of the Revolution of 1910, none has been responsible for such an upsurge in national prosperity, in education, in agrarian reform, as the present regime, and its indefatigable holder at the office.

Delivering his message to a joint session of both Houses of Congress, heads of departments and nationalized industries, and justices at the Supreme Court, the president revealed that while the country's population had risen by 3.1 per cent to 38 million the gross national product had gone up by 4.8 per cent.

In the federal capital alone 37 working-class housing units were provided last year with piped drinking water in several projects in expansion. In the country at large tap water has been officially classified as undrinkable; 25 primary schools, two secondary schools and two technical high schools were built; two children's hospitals of 100 beds each, and 10 smaller ones; a new housing estate of 5,000 single-family homes; and among other things, several miles of new highways and two flyovers or underpasses.

In the country at large the highest single item in the budget has been education, on which the government spent the equivalent of 900 million dollars (in most major and many other countries the highest priority goes to the armed forces)—"defence" which in Mexico rates a relatively low priority.

Forty years ago, when Mexico's population was 14,000,000, there were 3,994 registered teachers (apart from the universities); today there are 132,000 for a population of 38 million—a huge increase in ratio. In the last year school building was proceeding at a rate of 12 new classrooms a day.

Infant mortality, still high in the remote rural regions and the slums of Mexico City, dropped from 87.3 to 65.3 per 1,000 last year. (It was 139 in 1933.) Polio was not reported for the first time in nine states. In seven others there were three cases or fewer, and in the federal capital (population now six millions) the figure—25—was the lowest for 18 years, during

which the country was suffering from a drought.

Teach me half the gladness  
That thy brain must know,  
Such harmonious madness  
From my lips would flow,  
The world should listen then,  
As I am listening now.

—Percy Bysshe Shelley.

But it is in his international policy that Lopez Mateos has really shown a new dynamism. Defining Mexico's international policy as "not neutral but independent," he has carried out what amounts to one-man crusade to promote co-existence, or, as he himself prefers more simply to call it,

peace. He has visited heads of state and government all over the world (shrewdly making commercial agreements while he was at it).

Don Adolfo's Mexican critics complain that he seeks the limelight too much. It is hard to see how he could, in the circumstances, avoid it.

Every Mexican president benefits and suffers from the fact that he has more living—and articulate and distinguished—predecessors to advise and harry him than any other head of state in the world. Don Adolfo's successor will have one more. In the field of sheer energy, he will have a lot to live up to.

It's Critical

First Sentence

By Cassandra from London

Preoccupation - With - The Infinitely-Remote method.

What you have to do is select something that if the Thames were on fire would put it out.

There was a splendid example of this fascinating system in the Guardian this week.

The opening sentence of the article ran:

"I am no mycologist, but I've always been surprised by the paucity of toadstools in the coniferous forests of East Cheshire."

I think that is quite magnificent and it had me rooted in my chair.

I wish I had written it. But I shall do the next best thing.

When I go to one of those parties where you are introduced to somebody you have never met and both of you can't think of what to say, I shall look him—or preferably her—coolly in the eye and say in a low, husky voice dripping with sex:

"I am no mycologist, but I have always been surprised by the paucity of toadstools in the coniferous forests of East Cheshire."

## Unfair Ferry Fare

### Our Readers' Views

Before 70

Dear heads of government, in the east and in the west, there is one rule that puzzles me, more than all the rest. How does ordinary John Citizen live after 65? When he is laid off at work, how does he survive?

We know that after 70, he can take his ease, but from 65 to 70, can you tell me please, how does he exist? Water and fresh air? Honored servants of our nation, do you really care?

With young men beating the pavement, hunting for a job, a pension for all at 65, would not their chances rob?

(MRS.) J. McLEOD,  
478 Ker Avenue.

The Log Saw

On behalf of the University of Victoria student body I would like to express my sincere thanks to the businesses and citizens of Victoria who supported our log saw for charity.

I believe projects of this kind give the community a better insight into university life and therefore can only lead to increased co-operation and harmony between the two bodies.

We will continue to promote these schemes as long as they are supported by student and citizen alike and all evidence indicates that this support is increasing with the advance of each year.

STEWART MacDONALD,  
Director,  
Clover Point Project,  
Alma Mater Society.

From the Scriptures

The fear of the Lord is the beginning of wisdom; and the knowledge of the holy is understanding. — Proverbs, 9:10.

Home Grants

Objections to the home-owners' grant puzzle me. If the objector is a home-owner, he can register his disapproval of the measure by refusing to fill the form supplied to us with our tax notices. If the objector is not a home-owner, why should he grudge the relief the grant affords to the home-owner of small means, who is fighting a losing battle with dandelions, garden pests, brown grass and high water rates. Repairs and replacements on the home are many, and the home-owner is often on the point of giving up and moving to an apartment.

I have always thought that the grant was intended to encourage people to own their homes in these times of so many apartment dwellers.

Sharp Limitations

Selling to China

By STANLEY KARNOW from Hong Kong

THE BREACH in relations between Russia and China has inspired the Chinese to optimistic talk of future trade with non-Communist countries. Peking officials point to prospects of increased commerce with Britain, Japan, Western Europe, and even express their willingness for "fair and equal" trade with the United States.

The attraction of more than 700 million Chinese customers has also mesmerized many a Western businessman, and political considerations are being quickly discarded in the face of potential profits. Even the president of the U.S. Chamber of Commerce, a notably conservative association, recently spoke up for commerce with China. But experts here who study China's trade possibilities hesitate to work up much enthusiasm for dealings with Peking.

For one thing, they explain, China has very little to export in exchange for foreign imports. Secondly, China's enormous purchases of grain from Canada, Australia and other countries—commitments that total almost \$1,000 million—have virtually dried up Chinese cash reserves.

Next year, for example, China will pay to Australia and Canada \$320 million for wheat purchased in 1962-63. This payment covers almost half of China's prospective imports for 1964.

At the same time, the Chinese have not been able to produce much to tantalize foreign buyers. The market abroad for such traditional Chinese products as hog bristles and porcelain is limited. China is capable of making fine textiles, but she is short of raw cotton and refuses to import the raw materials merely to manufacture cloth.

Another inhibition to increased Chinese exports is the growing demand of China's internal market. Authorities in Peking know they cannot go on eternally denying their own people adequate supplies of such necessities as cloth. They have also to satisfy a steadily increasing demand for simple luxuries like bicycles, radios and watches.

The shortage of these commodities a few years ago created a thriving black market in many Chinese cities. That black market threatened to cause serious inflation.

Unable to control what it has called "spontaneous tendencies towards capitalism," the Chinese state itself resorted to a capitalist technique. Its government-controlled stores began to sell merchandise freely, in effect competing against the black market. This has driven prices down, but they can stay down only so long as goods are available.

However, the slim chances of making money from sales to China have not discouraged Western traders. Many concur in the analysis that China's overall imports may be small, but they are anxious to participate in whatever business can be done.

The European merchants who travel to mainland China have developed an empathy for rather whimsical trading. The Chinese have no rigid patterns of behavior in their commercial dealings. They are unconcerned with "brands" and totally unsentimental in their trade relations. If they can get a good price and attractive credit terms, they will buy.

Thus they conduct themselves unapologetically in business. "You can sit in Canton for a week not knowing whether you're going to make a killing or go home empty-handed," says one European merchant. "You go through the motions of bidding, and then you wait. Maybe you're lucky, maybe not. It's not much different from the days when our ancestors tried to trade with the Celestial Emperor."

The Chinese ability to shift their dealings quickly is evident in their import picture. In 1958, for example, they bought \$180 million worth of merchandise from West Germany; the next year they purchased half that amount.

In the coming years, commercial specialists see only two constant factors in China's trade. The Chinese should continue to sell heavily to Hong Kong, which is their largest single source of foreign currency. The British colony depends on the mainland for its food supply, and the Chinese shrewdly earn profits by furnishing Hong Kong with high-priced meat, fish and vegetables.

It is likely that China will also continue to import grain from Canada and Australia, using its healthy earnings from Hong Kong to buy cheaper wheat. As experts have pointed out, the pattern is simply one of trading expensive proteins for less expensive starches.

## Big Hug for Winner

Big hug from his wife was reward for Highway Minister Gagliardi when he re-

turned home from a hard-fought race for Social Credit, defeating Conservative leader David Fulton.

## Medicare Fight

## Doctors Ready Had NDP Won

Had an NDP government been elected in B.C. Monday, its proposed medicare plan would have met with almost immediate opposition from B.C. doctors.

An official of the B.C. Medical Association—meeting in Victoria this week—said yesterday the battle lines were drawn and members of the association were prepared for top-level policy meetings during the convention.

## MOST AGAINST

The official, who wished to remain unidentified, said most of the doctors in the group were against a "free-for-all" medical care plan such as the one promised by the NDP.

"We would have gone all out to prevent another mess like they had in Saskatchewan," he said.

Some topics on the four-day convention here deal with Al-

berta and Ontario government participation medical plans.

The association plans no resolutions in the near future dealing with the matter in B.C., the official said.

"We will just wait and see what happens."

Dr. N. J. Blair of Vancouver was elected president of the association.

## Spans Get Priority

KELOWNA (UPI) — Fresh from his election victory, Premier Bennett said Tuesday his plans to keep two of his biggest campaign promises. He said Greater Vancouver bridges across Burrard Inlet and the Fraser River would be completed during this term of office.

## B.C. Checkoff Law Upheld by Court

By JOHN E. BIRD  
OTTAWA (CP)—The Supreme Court of Canada in a four to three decision Tuesday upheld the validity of British Columbia legislation making it illegal for B.C. trade unions to use union dues for political purposes.

The majority judgment of the court, written by Mr. Justice Ronald MacLaurin, said the legislation does not interfere with the working of Canada's parliamentary institutions.

All it did, he said, was to

prevent union dues being used for political purposes which may not command the support of a particular union member.

## APPEAL REJECTED

The judgment rejected an appeal by Local 16-91 of the Oil, Chemical and Atomic Workers Union (OCA) against B.C. Supreme and Appeal Court decisions upholding the validity of the legislation.

The union, supported by the CCF government of Saskatchewan, attacked the legislation before the court in January. It argued that it was invalid because it infringed Parliament's control over federal elections.

## UNION REFUSED

The legislation was introduced in the B.C. legislature by the Social Credit government in 1960. After its passage, the union, including some 165 employees of Imperial Oil Limited in Vancouver, refused to make the required statutory declaration.

As a result the company cut off the dues checkoff privilege in a subsequent contract and dues since have been collected independently by union stewards.

## FOUR IN FAVOR

Validity of the legislation was upheld by Chief Justice Robert Taschereau and Justices Martland, Gauthier, and Ritchie.

Justices J. R. Cartwright, Douglas, Abbott and Wilfred Judson dissented, declaring that "this legislation is directly related to elections, including federal elections."

# NDP 'Only Surprise'

By UPI, CP

OTTAWA — The result of the B.C. election was "about what we expected," national Liberal organizer Keith Davey said Tuesday.

He said the Liberals "consolidated their position" and the only surprise was the NDP

slip; in fact "the continuing decline of the NDP across the country is one of the most significant political developments of the year."

Prime Minister Pearson declined comment and Opposition leader Diefenbaker said his only comment was regret

at the defeat of David Fulton and his Tories.

Social Credit leader Thompson said he was "immensely encouraged" by "a victory for the continuance of private enterprise development."

NDP leader Douglas called for a redistribution in B.C. to give a greater measure of representation by population. He said his party will regroup its forces and prepare "for the next trial of strength."

## Diners Relish Bennett

VANCOUVER (CP) — The Bennett Burger has emerged a clear winner in a gastronomic straw vote conducted by a downtown restaurant and two drive-ins.

The Bennett Burger topped the polls by a wide margin over the Strachan Burger.

Final sales at the three locations were: 556 Bennett Burgers, 544 Strachan Burgers, 385 Fulton Burgers and 346 Permut Burgers.

## Lemon Juice Recipe Relieves Arthritic & Rheumatic Pain

If you suffer rheumatic, arthritic or neuralgic pain, try this simple, effective recipe that thousands are using. Get a can of BILTMORE Compound, a 2 ounce bottle of lemon juice, mix it with a quart of water, add 1/2 teaspoon of salt. It's easy to make at all and pleasant. Take only 1 tablespoon 3 times a day. Often within 48 hours you will feel better, return the empty can to us and BILTMORE will send you nothing. You can also judge on BILTMORE is sold as a major health promotion. Over 1 million cans sold. At all drug stores, Adams Ltd., 1000 West 10th, Vancouver 10, B.C.

## FREE Hootenanny Thursday, Friday at Suburban Motors

In 30 years, this piece of property will be worth more money—or less. For a long-term risk-free investment, London Life has a suggestion.

## Why buying a London Life policy is as good as buying a piece of property (perhaps better)

The value of London Life permanent insurance is not in the lap of the gods. It is guaranteed. You don't need a large down payment. You can borrow money on it. And all the while it protects your family more completely than any other investment.

YOU MAY LIFT YOUR EYEBROWS when we compare a London Life Jubilee policy with a piece of property. But consider these facts:

- (1) Investment in a piece of property usually involves some risk. A London Life Jubilee policy avoids the hazards of investment risk. The cash values of your policy are guaranteed in writing.
- (2) Start modestly. \$13.09 a month isn't very big league in the investment world. But invested in a London Life Jubilee whole life policy it provides protection and builds substantial savings. If you start at age 25, by the time you reach age 65 you will have had \$10,000 life insurance protection for your family for 40 years—and you will have built up savings of about \$12,580, twice as much as you have paid in premiums. This is made up of \$3,580 in guaranteed cash value, and about \$9,000 in accumulated dividends. (Based on the 1963 dividend scale and assuming you leave dividends to accumulate.)
- (3) When you're ready to retire, what other form of property offers you all these choices: at age 65

you can keep right on with your London Life insurance protection; you may stop paying premiums and take a paid-up policy for an adjusted amount; you may take the cash value, plus dividends that have built up—take it in a lump sum, as an income guaranteed for life or as an income for so many years. No other property is so versatile.

(4) London Life has had an outstanding dividend record over the past 50 years. Since 1951, the dividend rate has been increased six times.

(5) With your first premium you create an immediate estate. If you die, the value of your London Life policy is greatly increased—worth much more than you have paid in premiums. Many other properties must be sacrificed when the owner dies.

(6) You can borrow from London Life on the cash value of your policy. Quickly and quietly. Just call the local London Life office or your representative. No credit check. And all the while your policy continues to protect your family.

(7) When you borrow from London Life, the interest rate is 6%—comparable with banks' regular lending rates and much lower than personal loan companies'.

(8) A London Life Jubilee policy is a good investment in other ways. It is not affected by market fluctuations. It is just as safe as high-grade bonds and much safer than most common stocks. It is particularly attractive because while it earns you money it protects your family.

(9) Property values may rise or fall. But a London Life Jubilee policy grows with dividends and guaranteed values. Dividends are declared each year. The dividends payable to London Life participating policyowners in 1963 will be more than \$23 million.

(10) One reason London Life premiums are low is because Canadians, on the average, are long lived. Dividends to policyowners are high because, among other things, the Company invests wisely and profitably. (In 1962, the Company earned 5.47% on its investments—after investment expenses.)

(11) No two men have the same insurance needs. That's why your London Life representative has been schooled to tailor insurance to fit your needs. He is trained to give you efficient service for many years to come.

## Japanese Firm Kitimat May Get New Paper Mill

By HARRY YOUNG  
Colonist Business Editor

Aluminum Company of Canada Tuesday announced it may enter into a partnership with a Japanese firm to set up a pulp and paper mill at Kitimat.

A spokesman for the company in Montreal said a six-man study group from the Daishowa Paper Co. of Japan was at present in Kitimat but it was still too early to enumerate details of the proposal.

AN EARLIER report from Tokyo said that Daishowa, a leading Japanese paper producer, and the Heindel Paper Co. of West Germany were about to join up with Alcan for a pulp-pulp industry at Kitimat.

The Tokyo report said the project would cost \$700,000,000, but those experienced in the pulp and paper industry said this was probably a misprint for \$70,000,000, which would be an outside cost of a mill with the productive capacity indicated by the Kitimat site.

Ever since Alcan established itself at Kitimat over 10 years ago, the firm has been looking for another large industry for the city. It formed an alliance with the Powell River Co. in the early 1950s and secured conditional tree farm licenses from the government.

This company, Kitimat Pulp and Paper Co. Ltd., is still in existence and is now one of

SWAPPERS, FROM LEFT, ELAINE, LINDA, LYNNE AND CAROL

## Names in the News

# Sisters Swap Sisters

VANCOUVER — Sisters Lynne, 16, and Elaine Jonasson, 15, always quarrelled — and so did their best friends, sisters Carol, 17, and Linda Strohmaier, 15. They suggested Elaine move in with Linda and Carol with and found two pennies next to the core. The apple had grown around them.

OTTAWA — The Supreme Court reversed an appeal court judgment and ruled the \$50,000 estate of Rev. Georges Tassit, former parish priest at Duck Lake, Sask., will go to charities aiding French-Canadians in the Prince Albert diocese. His father and brother sought the money.

LA CROSSE, Wis. — Mr. and Mrs. Ray Bada held a household auction before going to their retirement home in California. A coat sold for 50 cents contained most of their \$1,500 life savings. Boiler fireman Edwin Schumacher, father of six children, who bought the coat, returned the money. His reward: \$400.

NEW YORK — Former U.S. army general Edwin Walker, 64, was jailed for four years after admitting defrauding the public of \$18,000 stories about his activities in a 15-car deal.

TORONTO — Vancouver used car dealer Joseph Hargitt, 23, was jailed for four years after admitting defrauding the public of \$18,000 stories about his activities in a 15-car deal.

OTTAWA — Canada's Supreme Court upheld a deportation order against Arturo Espallat, 41, former chief of the secret police of murdered Dominican Republic dictator Rafael Trujillo. He fled to Canada after the murder and was arrested for illegal possession of a firearm.

SUNBURY, England — Scottish-born Commissioner Frederick Cootin, 64, was elected leader of the Salvation Army to replace Gen. Wilfred Kitching, 70, who retires soon.

MONTREAL — Jeweler Florio Boulanger, who cancelled his theft insurance last year because his store was in a "quiet" district, lost \$15,000 worth of rings and watches and \$700 cash to two gunmen.

ZURICH — U.S. heiress Gamba Benedict, 22, met husband Andre Forumbesau, 37, in a courtroom reunion bid that apparently failed. She made a tearful plea for custody of her two small sons and said later the closed hearing "was very unpleasant."

CAINE, England — An ambulance driver who came to Mrs. Edith Taylor's home to take her to a maternity hospital made a mistake, she said, she's 73.

SAIGON — U.S. Defense Secretary McNamara flew home from what he called a "most fruitful" one-week fact-finding tour of South Viet Nam.

BERLIN — German experts found three sets of human bones in an 18-year-old grave marked with the name of Gen. Heinkel, master, war-time Gestapo chief.

SAN JUAN, Puerto Rico — Deposed president Juan Bosch of the Dominican Republic arrived and was given political asylum.

FORT ARTHUR — George Meir of Nanaimo was elected president of the Canadian Port and Harbor Association.

LONDON, Ont. — UBC law Prof. A. W. E. Carrothers has been named dean of the University of Western Ontario law school, first UBC law graduate to win such a post.

OLATHE, Kan. — Mrs. William Mikel can prove money grows on trees. She bit into an apple she bought at a market

## AMUSEMENT GUIDE

A LONDON BUS TOUR — See Victoria better from a double-decker... 8 tours daily from Causeway.

AMAZING UNDERSEA GARDEN — You actually descend under the sea! World's largest natural marine exhibit — sharks, octopus, salmon, skin divers. Oak Bay Marine. Follow scenic drive, 10:30 to 10:30 p.m.

AUTOMAT LANE — 18 Automatic 10-pin lanes, 715 Fislayon St. EV 6-5041. Open 9:30 a.m. to Midnight daily.

BLINK BONNIE — "U-Catch-em" Trout Fishing! Daily, dawn till dark. Saanichton GR 4-1995.

BUTCHART GARDENS — Open daily 9 a.m. - 5 p.m. So lovely! So relaxing! Early October brings its own special beauty to these world-famous gardens. See them now — they're grand! Coffee bar service.

CANADA'S ONLY MODEL VILLAGE — Beauty in miniature. On Mt. Newton X Road, GR 4-2203.

CARLTON CLUB — Dancing Saturday. Floor show: Wendy ALEX STUART. EV 6-6264, EV 3-8134.

CRYSTAL GARDEN — Family Swim Night every Thursday, 7:00 - 9:30 p.m. Special low rates. Family group only. Daily swimming from 12:30 p.m. Sunday, 2:00 - 5:30 p.m. — One or more lifeguards always on duty.

DOUGLAS GOLF DRIVING RANGE — Covered and open tee. Plus miniature and 9-hole 100-yd. course on Highway 77, 2 1/2 miles from Roundabout on road to Tsawwassen and Anacortes Ferry. Open every day. Clubs available. 479-5432.

FABLE COTTAGE — Barrel Doors, hand-adorned furniture and woodwork are features of this unique Private Dwelling, located in a Fairy Tale setting on the shores of beautiful Cordova Bay, 5187 Cordova Bay Road. Open daily, 10 a.m. to 8:00 p.m.

MINIATURE GOLF — First in Western Canada, at beautiful Elk Lake, Highway 17. Daily, 11 a.m. to 11 p.m. Clubs and balls supplied.

ROYAL LONDON WAX MUSEUM — In the Crystal Garden, across from Empress Hotel. Open weekdays 11:30 a.m. to 8:00 p.m. Sundays 12 noon to 8:00 p.m. Over 90 Josephine Tussaud Wax Figures richly costumed and magnificently displayed. They seem alive. Plus the Thrilling Chamber of Horrors. Operated by London Wax Museum Ltd.

WHITE HEATHER CONCERT PARTY — Royal Theatre, Tuesday, October 8. Tickets on sale now.

# Young Talent on Olympic Lineup

By JIM TANG

Victorians who have suffered with hockey fans across the country as Canadian international teams, composed in the main of a clement ex-professionals and aging amateurs never good enough to play with the pros, were humiliated increasingly often, get a chance Friday to watch a group of youngsters who may well restore our hockey pride.

Appearing at Memorial Arena against the Portland Buckaroos Friday are 22 players from whom will be selected the team that will represent Canada in the Olympic tournament, at Innsbruck, Austria, Jan. 29-Feb. 10.

They should be worth seeing.

FATHER BAUER  
... hopeful

## Cassius Worries

## Chualo

TORONTO (UPI) — Canadian heavyweight contender George Chualo is awaiting word from Louisville on the selection of a date for his proposed fight with Cassius Clay, but was worried that Gaseous Cassius might back out of the bout.

Chualo, former Canadian champion from Toronto and now fighting out of Detroit, earned the fight with the No. 1 contender when he won a majority decision over Mike DeJohn in Louisville last Friday. Clay had announced earlier he would fight the winner in November at Louisville, his hometown.

"I'm scared to death he won't take the fight," Chualo said here last night. "Before I beat Mike DeJohn, he said he preferred to meet me because I was rude about his small arms."

## Rasmussen Bike Winner

Mike Rasmussen won the Victoria Cycle Club's 2½-mile Island View Beach race Sunday in a time of 16 minutes, 15 seconds.

Alan Stanley was second and Tom McKeachie third. Next Sunday's hill climb in Mount Douglas Park will wrap up the cycling season.

## Practice Time Set by Juniors

Victoria Cougars junior hockey team has four practices scheduled for the rest of the week. Any boys over juvenile age are welcome to attend.

The practices, at Memorial Arena, are Thursday at 7:30 p.m.; Friday at 6 p.m.; Saturday at 5:30 p.m. and Sunday at 4:30 p.m.

## Soccer Slate

Saturday's Combination Soccer League schedule, with all games to start at 10 a.m., is as follows:

Navy Firefighters vs. RCN, Naden field; HMCS Malahat vs. Victoria Press, Topaz Park; Royal Roads vs. Island Tug and Barge, Royal Roads. Falcons have a bye.

## Where to Pick or Hunt SOLUNAR TABLES

According to the Solunar Tables calculated for this area, the best times for fishing and hunting for today and tomorrow will be as follows (Times shown are Pacific Daylight Time):

**TODAY**  
A.M. Major Minor P.M.  
8:15 11:15 5:15 11:30

**TOMORROW**  
6:05 11:15 6:25 12:45  
Major solunar periods lasting 2½ to 3 hours. Dark time. Minor periods, shorter in duration. Right time.

ing, if for no other reason than to get a personal assessment of our Olympic chances. But there is very likelihood that the hockey entertainment on tap will be fast and exciting.

Manager-coach Hal Laycoe of the Buckaroos expects nothing but trouble from the Olympic-bound youngsters — and he isn't talking just for gate receipts. A part of those go to defray the expenses of the Olympic team, the rest after expenses to the Western Hockey League pension fund.

"I honestly believe," Laycoe said last night, "that this will be the best Olympic hockey team Canada has sent over for many years. I know one thing. They're going to make my boys skate."

### ONE FAULT

Inexperience is the only fault one can find with the Olympians at this stage, and they have arranged for 30 games in Canada against the toughest possible opposition to try and correct this before they leave for Europe. There, they will play 10 more games — one in Switzerland, three in Germany, two in Moscow and four in Czechoslovakia before entering Olympic competition.

Father David Bauer, who originated the idea of putting together a team of the best available youngsters to represent Canada in Olympic competition, has apparently been able to corral the cream of the Canadian crop between 19 and 23 years of age.

### NHL CO-OPERATES

On his club are most of the stand-out college and junior players in Canada, most of them by National Hockey League clubs, who have co-operated in the all-out effort to restore Canada's hockey prestige.

Toronto Maple Leafs, for instance, have eight players on the club and in this talent are at least a half dozen youngsters they are counting on to be Maple Leafs of the near future.

They include the likes of goalkeeper Ken Broderick, who may be ready in time to succeed Johnny Bower, two stand-out defence prospects in Terry O'Malley and Barry MacKenzie and forwards, Brian Conacher and Terry Clancy.

If the last two names sound familiar, they should. Clancy, half again as big as his famous sire, is the son of King Clancy

and Conacher, another 190-pounder, is the son of Lionel "Big Train" Conacher, Canada's all-time, all-round athletic star. Dineen, youngest in the group at 19, is rated as perhaps the Leafs' outstanding young prospect.

They, and most of the rest, come from junior clubs such as Toronto St. Michael's and Marlboros, Montreal Canadiens and Edmonton Oil Kings or from United States universities they attended on scholarships.

### ANOTHER FIELDER

There is Roger Bourbonnais, captain of the Oil Kings when they won the Memorial Cup last season and an outstanding Detroit Red Wing prospect who has been compared to

Guyle Fielder as a playmaker.

Then there is George Swarbrick, only 22 but the most promising player in the Saskatchewan Senior Hockey League last season, and Don Forhan who played with the last Olympic team and was sent over to try and help Trail Smoke Eaters in the world tournament last season.

The group from U.S. universities, who are playing a fine brand of hockey with teams built around Canadians on scholarships, includes Victor Marshall Johnston from the University of Denver, Don Rodgers and Ross Morrison from University of Michigan, Al McLean and Dave Merrifield from University of North

Dakota, the U.S. inter-collegiate champions last season, and Gary Beggs and Henry Akevall from Michigan's Houghton School of Mines.

Akevall, one of the two senior members, was a playing coach last season in Finland.

### BEST TALENT

Father Bauer, enthusiastic but realistic, talked about his club on the telephone last night before he sent it out to do battle with Vancouver Canucks of the WHL. (Canucks won, 3-2.)

"We are only of experience," he said. "We have speed and size and I do think that we have gathered together just about the best young talent that is possible to get."

Asked what he thought of Canada's chances in the event-toughening Olympic competition, Father Bauer was restrained but hopeful.

"I do really think we have a chance. This is a tremendously dedicated group of boys."

He didn't repeat it but there was no doubt but that Father Bauer already feels he has accomplished one goal. If there is to be a defeat, it will be defeat with honor for players who will at least give Europeans a different idea of people called Canadians.

And they just may give Europeans a different idea of Canadian hockey players. It is a bold experiment but by no means a rash one.

MICKEY MANTLE  
... after series

## Mantle To Face Surgery

NEW YORK (AP) — Mickey Mantle, New York Yankees' \$100,000-a-year outfielder with the dime-droop legs, said Tuesday—the eve of today's world series opener—that he may be forced into a post-season operation on his left leg.

"If it doesn't get any better," said Mantle before taking a workout at Yankee Stadium, "it'll have to be operated on. It's been getting stronger day by day, but as it stands now, we think it's going to be operated on."

Mantle's latest possible bout with the scalpel—he has been operated on from his toes to his throat during his career—would date from the injury at Baltimore June 5 that contributed to his being out of all but 65 of the Yankees' games this season.

## Lineups

NEW YORK (AP) — Probable lineups for today's opening world series game at Yankee Stadium:

Los Angeles: Maury Wills ss, Jim Gilliam 2b or 3b, Willie Davis cf, Tom Davis lf, Frank Howard rf, Bill Skowron 1b, Ken McMullen 3b or Dick Truccewalski 2b, John Roseboro c, Sandy Koufax p.

New York: Tony Kubek ss, Bob Richardson 2b, Tom Tresh lf, Mickey Mantle cf, Roger Maris rf, Elton Howard c, Joe Pepitone 1b, Clete Boyer 3b, Whitey Ford p.

Umpires — Joe Paparella, American League, plate; Tom Gorman, National League, first base; Larry Napp, American, second base; Shag Crawford, National, third base; John Rice, American and Tony Venzone, National, four lines.

6010 Joe Mady (Ventrella)	110	Has been good for this season	(1)

## Campy Back in Series Limelight

Ex-Dodger catching great Roy Campanella, paralyzed since 1958 car accident, gets warm welcome as Los Angeles Dodgers hold pre-world series workout in Yankee Stadium. Dodger manager

Walt Alton shakes Campy's hand while Yogi Berra of Yankees, Johnny Podres and John Roseboro, right, of Dodgers look on.—(AP Photofax)

## Koufax, Ford Clash Today

# This Series Battle of Lefthanders

By JACK HAND

NEW YORK (AP) — San Francisco's Koufax and Whitey Ford open the world series today at Yankee Stadium in an eagerly-awaited duel of ace left-handers that should set the pattern for the best-of-seven set between Los Angeles Dodgers and New York Yankees.

Despite Koufax's 25 victories for the Dodgers and his National League strikeout record of 381, the Yankees are favored 6 to 5 in the opener and 7½ to 5 in the series.

## Brodie Hurts Arm Again

SAN FRANCISCO (AP)—The injured right arm of San Francisco 49ers quarterback John Brodie will be placed in a cast for six weeks, compounding the

## Court Told Of 'Lie'

A man charged with criminal negligence and hit-and-run admitted going through a stop sign at 30 miles an hour, a police witness told assize court yesterday.

Saatchi detective Charles Truett was testifying at the trial of Edmond Larry Neil.

### ACCIDENT SEQUEL

Two counts of criminal negligence and failing to remain followed an accident at Tolmie and Maple just after midnight July 14.

Neil Kirby died and Mrs. Ruth Kirkpatrick spent two months in hospital as a result of the accident.

Edmond Larry Neil was the driver of the car in which Kirby was riding.

### ONLY LIE

Det. Truett testified the accused told him, "That's the only thing I lied about," referring to a previous statement he had stopped at the stop sign.

The accused told him, Det. Truett said, "He (Neil Kirby) said to slow down, there was a stop sign. At the time I went through the stop sign it would be 30 (miles an hour) at the most."

The trial will continue today.

## Driver Gets Switch In Trial

Ronald Lawrence Lim, charged with dangerous driving and scheduled to be tried at the fall assizes now will be tried by a County Court judge. Lim rejected trial by judge without M. L. Tyrwhitt-Drake.

It was alleged at a preliminary hearing that Lim and another man were racing each other when an accident occurred at Tolmie and Maple just after midnight July 14. Lim will be tried by Judge Tyrwhitt-Drake starting Oct. 30. He will be defended by Joseph McKenna.

## University Campus Progressing

Victoria University's Gordon Head campus is slowly approaching the stage where it will be self-contained after \$7,000,000 have been spent for the completion of its development.

The first phase—estimated at \$3,000,000—is facing its final stage with tenders to be called within several weeks for a lecture block in the science building, due to open in October, university development manager Floyd Fairclough says.

The second phase will develop in three stages—classroom blocks, administrative offices and student residences.

## Melodrama And Recital

A violin recital takes place and a gaslight melodrama opens in Victoria tonight.

Vancouver violinist Esther Glazer appears in a Musical Art Society recital in Oak Bay Junior High School at 8:30 p.m. The melodrama, Dirty Work at the Crossroads, by St. Luke's Players, opens in St. Luke's parish hall and begins at 8:15 each evening this week.

## Meetings Today

● The film If Rope Could Talk will be shown at a meeting of Vancouver Island purchasing agents in the Oak Bay Beach Hotel at 6:15 p.m.

● South Van Isle Lions Club will meet in the Chee Marcel, Island Highway, at 7 p.m.

● Registration of Cubs and Scouts in the 1st Arbutus (Esquimalt) group will be held in Fraser Street Scout Hall at 8:30 p.m.

● Trophies and prizes will be presented at a meeting of the Esquimalt Garden Club, Jubilee Hall, Fraser Street, at 8 p.m.

## The Tag That Can Save Your Life!

Are you allergic to penicillin? Do you take insulin or cortisone? Find out in October Reader's Digest if you are one of the millions who should carry this new life-saving symbol—to protect against fatal errors in emergency treatment. Learn how you can get this universal identifying symbol, in Reader's Digest, now on sale.

## Scarred Victim Tells of Assault

### Courtroom Parade

A man with a five-inch gash in his cheek told Magistrate William Ostler in city magistrate's court yesterday he had been hit with a broken liquor bottle in a fight in a downtown hotel Aug. 24.

Found guilty of assault was Barry Jackson, no fixed address.

William Arthur Brown, the man with the gash, told the court he was kicked in the ribs by the accused and had the muscles and nerves in his right cheek severed when Jackson hit him with the jagged bottle. Another man had

tried to gouge his eye out, he said. Jackson was remanded to Oct. 8 for probation report and sentence.

★ ★ ★

Magistrate Ostler reserved decision till Monday when the preliminary hearing ended of charges against Robert Travers, no fixed address and Neil J. McKinnon of Vancouver.

They are charged jointly with breaking and entering in connection with an attempted safe-cracking at Dorman's Lumber Co., 280 Bay, July 28.

In Colwood court Roger Lewis Bugg, 1021 Goldstream, was fined \$50 for being a minor in possession of liquor.

A man was sentenced to

three weeks in jail when he was convicted of impaired driving for the second time in city magistrate's court Monday.

Ruben McCoy, 1016 Queens, was arrested after he dropped into the wall of a storage shed at Mill and Rock Bay Saturday night.

He was also convicted of impaired driving in 1959.

### Traffic Victim Recovering

Mrs. Mary Fendt, 69, of 1121 Fort Street, is in good condition in St. Joseph's Hospital after being knocked down by a car yesterday while crossing Quadra Street near Christ Church Cathedral.

Police said the car, driven by Donald Cameron, 32 Garden Park Apartments, was making a turn from Broughton Street. Mrs. Fendt suffered injuries to her left hip.

## Long Lapse

## Park Opening Set Soon

City parks committee yesterday endorsed Ald. Millard Mooney's proposal for an official opening of the soccer field at Pemberton Park "in about 30 days."

Establishment of the park on four acres at Richmond and Gonzales was approved by ratepayer vote in 1952 but development has been slow due to lack of funds. A soccer field and playground are in use and Ald. Mooney, chairman of parks, said he thought it was time for an opening despite the fact much remains to be done.

The committee turned down Victoria United's request for turf on the baseball diamond

where it intrudes on the Royal, \$1,500 a season, the committee Athletic Park playing field. Be agreed to reduce baseball areas cause of the estimated cost, where possible.

### DOWN TOWN BUILDING WANTED—NOW!

### Driving Teacher

#### Arthur Watson Dies

A 47-year-old Victoria bus driver who suffered a heart attack in his home yesterday was dead on arrival in St. Joseph's Hospital.

Dead is Arthur Watson, 3127 Rutledge.

#### TO HOSPITAL.

Police and a fire department paramedic crew rushed to the Watson home in an effort to revive him. He was taken to hospital in the police ambulance.

Mr. Watson was the proprietor of Watson's Driving School, 810b Courtney.

### Fourteenth Suspect Nabbed by 'Yard'

AYLESBURY, England (UPI) The police last night charged a 14th person in connection with the \$7,200,000 robbery of the Royal Mail.

The new suspect, Martin Harvey, 28, described as a "driver" was arrested by Scotland Yard's flying squad in South London and charged later at investigation headquarters here.

Harvey was accused of receiving \$1,450.40 in cash, "knowing it to have been stolen." He is the sixth person charged with receiving cash taken in the Aug. 8 robbery of the Glasgow-to-London mail train.

Harvey is scheduled to appear at the Linslade magistrate's court today. Other eight suspects, arrested previously, are accused of actually participating in the robbery.

### Murder Case

## Policemen Clam Up

No confirmation could be obtained last night for a report that two city policemen were in the B.C. Interior investigating the George Down murder case. Police wrapped a complete security blackout on the case at the end of last week, believing any information divulged

might hamper the investigation. Neither police chief J. F. Gregory nor city detectives would comment on the investigation yesterday.

The two policemen concerned are Consts. Les Motterhead and Ted James who are on plainclothes duty on the investigation.

It is believed they left during the weekend.

### Ever Hear of a "DIURETIC"???

Maybe not. But you should know what a "diuretic" does. There may be times when you should use one. You likely understand how important the kidneys are in maintaining good health. Also that if the kidneys fail to function properly excess acids and waste material remain in the system. This may result in subsequent urinary irritation and bladder discomfort, often followed by backache, tired feeling and disturbed rest.

This is when the diuretic service of Dodd's Kidney Pills may be helpful. Dodd's act as a diuretic stimulant to help restore normal kidney action, and so relieve the systemic condition causing backache and tired feeling. When you are bothered by backache and tired feeling due to lazy kidney action you can depend on Dodd's Kidney Pills as many thousands have done during the past 70 years. Look for Dodd's at any drug counter.

### 11 National Identities To Merge as Canadians

Twenty-five immigrants who will become new Canadians today represent "really a mixture," a court official said yesterday.

"There usually aren't nearly as many ethnic groups in such a small number," she added.

They are one American, five Hungarians, one Belgian, three Poles, four Dutch, one Portuguese, three Yugoslavs, three Germans, two Italians, one Ukrainian and one Austrian, she said.

The naturalization ceremony is scheduled for 10 a.m. Wednesday at the Law Courts with a welcome address by Dr. Doug-

las Leechman, followed by a coffee party at the Victoria YWCA.

### Sorry, Says He And Drives On

A polite motorist who collided with a pedestrian, apologized, then continued on his way yesterday.

Thomas E. Kirk, 1143 Lochley Road, told police he had been crossing Government when a small car turning onto Fort from Government struck him.

He said the driver shouted, "It's all my fault. Are you okay?" Then drove off.

Mr. Kirk was taken to hospital and later released.

### Schoolgirls' Vote Predicted Outcome

Several hundred 14-to-17-year-old girls at St. Ann's Academy accurately predicted the outcome of Monday's provincial election in a mock vote cast last Friday for the six Greater Victoria ridings.

They almost hit the Oak Bay riding right on the nose. The girls predicted a tie between the Social Credit and the Liberal parties.

(To keep voting procedures simple, the girls only voted for each party, instead of for actual candidates.)

In the three Victoria seats, the girls voted more heavily Liberal than voters did Monday, and in Saanich the Liberal

party only lost out to Social Credit by one vote.

The experiment in St. Ann's Academy was part of the school's Social Studies course, Canadiana.

Sister Mary Jeannine said special credit should go to Valerie DiTomassi and Carol Gibson, both 16, for organizing most of the election.

## Deep Cove Warning

'Blowup' Likely  
If Classes  
Stay Crowded

Parents of students attending Deep Cove Elementary School in the Sidney district say a "blowup" is imminent unless overcrowding is eased at the school.

Plenty  
Of Water  
Shortly

Gordon Head water taps which gurgle but give little water during the summer should have plenty of pressure soon after completion of a water main from the Mt. Tolmie reservoir.

A 24-inch-diameter pipe manufactured by Victoria Machinery Depot will give Gordon Head residents unlimited water supply through the largest water trunk ever installed by Saanich.

## THREE YEARS

The \$122,000 system which took three years to build is expected to be put in use after it is tested a couple of weeks from now.

The big pipe will bring plenty of water but some inconveniences may still be encountered where old, small pipes in the distribution system may have to be replaced, municipal engineer Neville Life said yesterday.

Some homes on high ground may still have difficulty, along with Feltham, Tyndall and Ash where replacement of small lines is anticipated by 1965, he said.

Saanich water works superintendent Harry Greenwood was directing the laying yesterday of the last few sections of pipe along Gordon Head Road from Ruby Road to McCoy.

Active Councillor  
To Leave Saanich

Coun. Robert Ostler, active in Saanich municipal affairs and Liberal politics, was appointed yesterday as B.C. Telephone Company's district plant supervisor at Powell River.

He had been an employee of the B.C. Telephone Company in Victoria since 1945, working his way up from outside construction and installation crews to technician in charge of the central office.

He was chairman of the Saanich lands and planning committee and council's representative on the Capital Region Planning Board and the municipal advisory planning commission.

Coun. Ostler was also a Saanich representative on the Joint Juvenile and Family Court and Greater Victoria Industrial Research Commission, and a member of the municipal sign bylaw and special pound committees.

ROBERT OSTLER  
... transferred

His single, two-year term on Saanich council would have expired this December. A by-election to fill his council seat is not required under the Municipal Act and council probably will not call a by-election so late in the year.

## PRAISED BY REEVE

Reeve Stanley Murphy said last night, "I considered him a very able and aggressive councillor, the type of young man who can play an active role in a municipality."

Announcement of Mr. Ostler's appointment was made by C. R. Swabey, the telephone company's district manager at Campbell River.

## PROMINENT FAMILY

Mr. Ostler, who is a member of a prominent Saanich family and brother of Magistrate William Ostler, was the unsuccessful Esquimalt-Saanich Liberal candidate in the spring federal election which was won by Conservative MP George Chatterton.

He was the official agent for unsuccessful Saanich Liberal candidate Ian Stewart in last Monday's provincial election.

His home here is at 3339 Doncaster, where he lives with his wife, Lorraine, and their six children.

September Song  
A Bit Flat Here

Victoria got away with less rainfall during September, with .99 inch during the month, .26 inch below normal.

There were only seven days with precipitation during the month, one less than normal. Sunshine also fell below normal, with 263.3 hours when 268.4 hours is normal.

There were 10 thunderstorms, a new record. The temperature rose to 83.4 degrees Sept. 9 and fell to 48.3 on the 18th.

## Cadets Celebrate

Young Nigerians training at HMCS Venture were hosts Tuesday at party celebrating their country's third anniversary of nationhood and its birth as a republic. Fellow classmates at Venture were guests. In national costume are Cadets Bill Okujagu, Jim Ansenga, Bob Fakai, Mac Cocodia, Bert Okoye and Sam Runsewe. (Bud Kinsman)

## Hour Traffic Jam

Truck Jacknifes  
Blocks Highway

A giant moving truck which jackknifed across the Patricia Bay Highway around 5 p.m. yesterday held up heavy ferry and commuter traffic for nearly an hour until two wrecking trucks could straighten it out and get it off the road.

A snapped driveshaft was believed to have been the cause of the truck's jackknifing.

## BRAKES LOCK

Central Saanich police said the broken shaft snapped the air brake-line triggering a safety device which locked the brakes.

The truck skidded across the highway, blocking all three lanes on the Keating Hill sector of the road.

## GOING TO VANCOUVER

The truck was empty and heading for Vancouver. It was owned by Belyea Moving and Storage Company, Vancouver, and driven by Walter Wiper, of New Westminster.

There were no injuries.

## Eight Per Cent

Six Firms Due for Plaques  
As Appeal Reaches \$35,113

The Greater Victoria United Appeal had realized \$35,113 by press time today ... about eight per cent of the \$400,000 goal for the area.

The fund was swelled yesterday by \$1,177, after the first day of the business district canvass by members of the Victoria Life Underwriters Association and service clubs.

About 45 Jaycees, aided by members of the Gyro Club and Kiwanis Beavers have challenged the life underwriters' group to a fund-raising contest.

Each group hopes to collect \$4,700 from 1,300 firms in the downtown area.

The underwriters began their drive at 9 a.m. yesterday, and by 6 p.m. had collected \$927.

The Jaycees and their helpers picked up \$250 in the afternoon.

## SIX FIRMS QUALIFIED

The campaign will continue until the area has been completely covered.

In other divisions, the fund raising is going "pretty well," officials say.

Six firms have already qualified for plaque awards, given to firms in which 80 per cent of the employees give at least the equivalent of one-half of a day's pay.

The firms are: Yarwood Ltd., Radio Station CJVI, the Community Welfare Council, the British American Oil Co. (Industrial division), McCall Bros. and the Government Street branch of the Bank of Montreal.

Monday, they walked into United Appeal headquarters and donated the \$3.05 they realized from the enterprise.

Jan and the Hortie twins, all 10 years old, sold the article for a penny each and kept nothing for themselves.

"It's too bad everyone hasn't got that kind of attitude," commented an appeal official.

Major H. G. Wright of the Salvation Army will address members of the South Van Isle Lions Club when the group meets tonight at Cheesemare, 1730 Island Highway. His topic will be rehabilitation.

A few vacancies remain in the four-to-six year and 12-to-15 year age classes. Further information can be obtained by calling 394-3121.

By JACK FRY

Before the smoke had cleared from provincial election battlefields civic officials throughout Greater Victoria were getting ready yesterday to send the voters to the polls for the Dec. 12 municipal elections.

Officials were starting to process yesterday the registration forms of resident and tenant electors who made the 5 p.m. Monday deadline for getting their names on the voters' lists in Victoria, Saanich, Oak Bay and Esquimalt.

## DOWN IN NUMBERS

The possibility emerged that though this is a year for a mayoralty race and contests for the reevehip in three municipalities some voters' lists may be down in number from last year.

Confusion about registration for the provincial voters' list might have had an effect on registration for the municipal elections, said some officials.

City clerk Frank Hunter reported an overall drop of 44 from last year in the number of resident and tenant electors. He noted that usually a mayoralty election year guarantees an increase in the voters' list.

But final increases or decreases will not be known until property change of ownership information is received from the provincial land registry office and tentative voters' lists are compiled at municipal offices.

## ON LISTS

Property owners' names are automatically placed on the lists, and in areas where there has been a lot of subdivision activity, the natural increase will reflect through the land registry reports.

Victoria, which has a private act governing its elections, will post its draft voters' list at the entrance to the temporary city hall in the old Bastion Street law courts building, on Nov. 15. A court of revision will be held there at 10 a.m. Nov. 20.

Nomination day for city candidates will be Dec. 5 and election day will be Dec. 12.

The three municipalities will post their draft voters' lists in the municipal halls on Oct. 21 and will hold their courts of revision in municipal buildings on Nov. 1. Their nomination day will be Dec. 12.

The three municipalities will post their draft voters' lists in the municipal halls on Oct. 21 and will hold their courts of revision in municipal buildings on Nov. 1. Their nomination day will be Dec. 12.

day will be Dec. 9 and election day Dec. 12. In last year's municipal elections there were 25,234 registered voters in Saanich, 20,452 in Victoria, 8,385 in Oak Bay and 3,943 in Esquimalt.

## Ceremony Considered

## Rose May Wear Ribbons

A ribbon-cutting ceremony and a cavalcade of cars are being considered for the official opening next week of the new Rose Street extension route into the downtown area.

Tentative choice of the opening date is one week from Friday, Oct. 11.

The members of city public works committee in two cars Tuesday made the first unofficial run over the final link of Rose Street extension.

The section between Bay and

Blanshard at Queens has just been blacktopped and will remain closed for the next week or so.

Traffic lights will be installed at Bay and Rose and Hillside and Rose in the next few days. The arterial road link was built at a cost of \$100,000 to ensure that traffic generated by the \$6,000,000 Mayfair shopping centre which opens its doors in two weeks can easily get downtown.

SPED FLOW

Mayor R. B. Wilson, following the committee's tour which included the reconstruction of the roundabout at Fountain Circle and the new two-way left turn lane on north Douglas, said he was satisfied all three projects will speed the flow of traffic.

Traffic chairman Ald. Millard Mooney said he is convinced the "only way to keep Victoria alive and active is to permit people to travel too and from the downtown area with the minimum of difficulty."

EASE OF ACCESS

Ease of access to the wide variety of stores in the city centre will ensure the health of the high-tax area, he said.

Mayor Wilson said the new intersection now under construction to replace the roundabout at Fountain Circle will bring about a major improvement in traffic flow.

The new intersection, originally also scheduled to be in operation by the time of the shopping centre opening, now is delayed two weeks due to late arrival of equipment.

The mayor said the new two-way left turn lane on Douglas "appears to be working very well" cutting delays in heavy traffic.

Rt. Rev. Paul Y. Kurose, bishop of the Anglican diocese of mid-Japan, is visiting Victoria with his wife. (William A. Boucher)

## Here from Japan

## Bishop Judo Teacher

By HARVEY SHEPHERD

A search for the grave of a former missionary and the help of two Canadians have brought a good-humored high-ranking Japanese clergyman and his wife to Victoria.

THREE REASONS

Rt. Rev. Paul Y. Kurose of Nagoya, short, portly Anglican bishop of the diocese of Mid-Japan, and his soft-spoken but lively wife checked into the Empress Hotel Monday. They plan to stay in Victoria until today, before leaving for Vancouver and home.

Bishop Kurose, who attended the recent Anglican convention in Toronto and since has been travelling and preaching in Ontario, the Prairies and

Vancouver, said he came to Victoria for three reasons.

First, he wants to find the grave of a Canadian bishop whom he knew when he was at a Tokyo church boarding school and the Canadian was chaplain there many years ago.

Second, he and his wife were invited here by Mrs. S. A. Cuppage, 244 Baker, who met Mrs. Kurose recently while leading a tour of Canadian young people in Japan.

And third, Bishop Kurose said, smiling, Bishop G. P. Gower of New Westminster, "a friend, or rather a patron," reserved a room for them.

FIRST VISIT

The couple are on their first visit to Victoria although his fourth, and her second, to Canada.

The bishop first came to

Canada in 1935 when he studied — and organized judo classes — at Trinity College in Toronto. "Because of my poor English, I think I taught more judo than I learned theology,"

BLACK-BELT HOLDER

On his return to Japan, the Bishop was awarded the black belt, fourth-highest honor in judo, for his services to judo in Canada.

He visited Canada again after Anglican conferences in England and Minneapolis.

The bishop said his diocese has some 2,000 Anglicans, in a total population of some 10,000,000. And the Anglican church is the third-largest Christian denomination in Japan, after the Catholics and the Japanese United Church.

Less than 0.7 per cent of Japanese are Christian.

Nagoya, a modern industrial city of some 2,000,000, is often bypassed by tourists who are looking — for the rich, geisha girls and temples of the old Japan, he said.

"But if you want to see the future of Japan, and the future of the Orient, and the future of the world, you should not neglect Nagoya."

One of his great ambitions is to attract the young workers of Nagoya who have drifted into the city and away from the Shintoist and Buddhist faiths of the conservative countryside and yearn for "some principle of life," and a new religion — whether Communism or Christianity.

The bishop knows how it feels. He was baptized as a 22-year-old university student, a convert from Buddhism.

He visited Canada again after Anglican conferences in England and Minneapolis.

The bishop said his diocese has some 2,000 Anglicans, in a total population of some 10,000,000. And the Anglican church is the third-largest Christian denomination in Japan, after the Catholics and the Japanese United Church.

Less than 0.7 per cent of Japanese are Christian.

Deadline  
Advanced

Deadline for entering the B.C. Regional Drama Festival of the Dominion Drama Festival has been advanced to Nov. 1 from Dec. 1.

The earlier deadline "for notice of intention to enter" the festival was "in order to arrange for preliminary adjudication," the association said.

Art Course  
Draws 94

A total of 94 children have registered for the children's art courses at the Art Gallery at Greater Victoria.

A few vacancies remain in the four-to-six year and 12-to-15 year age classes. Further information can be obtained by calling 394-3121.

Youngsters  
Stage Fair  
To Aid Fund

Three Victoria children have learned what it means to share — the United Way.

The three — Jan Shellen, 12; Roslyn and Debbie and Patty Hortie, 2100 Falkland, staged a "fall fair" Saturday, selling goodies, cakes and toys.

TO HEADQUARTERS

Monday, they walked into United Appeal headquarters and donated the \$3.05 they realized from the enterprise.

Jan and the Hortie twins, all 10 years old, sold the article for a penny each and kept nothing for themselves.

"It's too bad everyone hasn't got that kind of attitude," commented an appeal official.

Major H. G. Wright of the Salvation Army will address members of the South Van Isle Lions Club when the group meets tonight at Cheesemare, 1730 Island Highway. His topic will be rehabilitation.

A few vacancies remain in the four-to-six year and 12-to-15 year age classes. Further information can be obtained by calling 394-3121.

His topic will be rehabilitation.

Job Picture  
Improving  
In Victoria

The employment situation in Greater Victoria is steadily improving," according to a statement released by the National Employment Service.

Seventy-five fewer persons were seeking work at the office in September than were registered in August.

## STUDENTS RETURN

Part of the reason for the brighter job picture was the return to classes of students who held summer jobs. Continued activity in the tourist industry is also a factor, NES officials say.

Building construction and shipyard work are said to be steadily increasing.

Last year, the jobless total was up 500 at the end of September.

While members of the B.C. division of the Canadian Medical Association are busy with panels and meetings at their annual convention in the Empress Hotel this week, their wives are being entertained at several parties and receptions. Pictured are two groups enjoying a sherry party in the Crystal Ballroom of the hotel Tuesday morning. Top photo, from left, Mrs. J. A. Roe, Mrs. A. R. Hicks of

Princeton, Mrs. W. J. Cochrane, Mrs. M. D. Graham and Mrs. H. A. L. Mooney of Courtenay. Bottom photo, from left, Mrs. J. L. Heffernan, Mrs. E. C. McCoy of Vancouver, Mrs. C. H. Borsman, Mrs. W. G. McClure of Mission City, Mrs. P. J. Banks, and Mrs. J. A. C. Thomson of Kamloops. (Robin Clarke)

## Same Old 'Myths' Retard Career Girls' Progress

By ARELO SEDERBERG  
NEW YORK—A number of "myths" continue to retard the progress of the career girl, a woman government official told a men's management conference here.

Either Peterson, assistant secretary of labor and director of the women's bureau, Department of Labor, said one of the myths is "the old saw" that the woman's place is in the home.

It isn't so, she told a symposium on "Women in Business" at the 13th International Management Conference. She amplified:

"The people who still place this idea next in importance to the golden rule seem not to have noticed that automation has come to the kitchen, that women marry and complete their childbearing years at a much earlier age than formerly and that better education for women tends to extend their interests beyond the dull routine of household chores."

Other "myths" hurting women in business:

### WORTH AS MUCH

The idea that women are not worth as much as men on the job, that absenteeism is higher among women, that "quits" are higher, and that working women deprive breadwinning men of jobs and consequently swell unemployment totals. Nonsense—all of them, Mrs. Peterson said.

A study by the public health service for the period between July 1959 and June 1960 indicated that time lost for illness and injury averaged 3.6 days for women and 3.5 for men, she said. And a 1955 study of job mobility by the bureau of census showed that men move from job to job more often than women.

Warning to her subject, Mrs. Peterson dashed another "myth" on the rocks: that women work for pin money.

### PRIMARY SUPPORT

"There are 45 million women in this country who are the primary support of their families," she said. "Another 3.5

million work to supplement incomes of husbands who earn under \$3,000 a year.

"If American women are working for pin money, it is for pins which hold families together."

The best opportunities for women, Mrs. Peterson said, are in such fields as public relations, mathematics, personnel.

From 1950-1960, the number of women in public relations rose 264 per cent, followed by mathematicians, up 213 per cent, personnel and labor relations, up 100 per cent. Increasingly, women also are becoming psychologists and economists.

Few, however, become executives, Mrs. Peterson said.

"Women who worked their way to the top generally agree that they have to work harder and hurdle more barriers than men in comparable positions," she said.

### STOCK EXCHANGE

But inroads are being made. For example, there are about 60 women partners of brokerage firms which are members of the New York stock exchange, despite the fact the exchange does not allow women on the floor.

A second speaker at the symposium, Dr. Mary I. Bunting, president of Radcliffe College, said there was no trend toward increasing numbers of women in the professions.

### SMALLER PROPORTION

"We have not barred women from professional education, but neither have we given them much encouragement," she said. "The result is that today women constitute a smaller proportion of our highly trained manpower than they did 20 years ago, although quite the opposite is true in many European countries."

### REBEKAHS

Came Rebekah Lodge, No. 45, will meet on Oct. 3 at 7:30 p.m. in the IOOF hall. After the meeting, Mrs. M. Graham, convener, will hold a penny sale and social. All Rebekahs welcome. Members are asked to bring grocery donations for the annual bazaar which is to be held on Saturday, Oct. 19.

There will be a sewing meeting at the home of Mrs. M. Forde, 704 Wilson Street, on Oct. 9. A staff practice will be held Oct. 10, in the IOOF hall at 7:30 p.m.

## AMY

Sheard, Mr. and Mrs. J. Ingram Smith.

### Bride-Elect Feted

Mrs. D. O'Brien and daughter, Patricia, were hostesses recently at a miscellaneous shower held at their Colville Road home in honor of October bride-elect, Miss Debbie Blake. Corsages were presented to the guest-of-honor and to Mrs. J. Mellings, groom-elect's mother, and Miss Barbara Blake. A decorated clothes basket held the gifts. Guests were Mrs. M. Wilson, Mrs. M. Atkinson, Mrs. R. W. Hackwell, Mrs. M. DeWitt, Mrs. N. Bennett, Mrs. L. Bennett, Mrs. B. Atkinson, Mrs. K. Burgoyne, Mrs. H. W. Hackwell, Mrs. R. Barrett, Mrs. J. T. Bennett, Mrs. P. Backlage, Mrs. D. Headlip, Mrs. E. Headlip, Mrs. G. Jagow and the Misses Linda Bennett and Donna Mellings. Unable to attend was Mrs. L. H. Blake, mother of the bride-to-be.

### Married Saturday

Mr. and Mrs. R. A. Freemantle, 3059 Glen Lake Road, announce the marriage of their daughter Sandra to Mr. Roy Mills. The wedding took place Saturday, Sept. 28, in St. John the Baptist Church, Colwood, with Rev. D. A. Hatfield officiating.

### To Wed Friday

Mr. and Mrs. Wilfred Hollinger, 734 Caledonia Avenue, announce the forthcoming marriage of their daughter, Donna Hollinger, to Mr. Robert Joseph Bada, son of Mr. and Mrs. Bela Bada, Budapest, Hungary. The wedding will take place Friday, Oct. 4, at 7 p.m., in St. Andrew's Cathedral with Rev. Father F. Johnson officiating.

## Jean Cree Showered

Miss Jean Cree, October bride-elect, was honored recently at a miscellaneous shower held at the Service Street home of Mrs. W. F. Baras. The guest of honor was presented with a corsage of red roses and a headdress.

Her shower gifts were hidden in a pink and green decorated container topped with an umbrella centred with a miniature water faucet and tiny replica of the bagpipes.

Guests were Mrs. W. Johnson, Mrs. J. Rae, Mrs. Frances McEwen, Mrs. W. S. Richardson, Mrs. S. Holme, Mrs. D. Higgins, Mrs. C. Bennett, Mrs. M. Adams, Mrs. J. Coffey, Mrs. M. MacMillan, Mrs. C. Bennett, Sr., Mrs. W. McDwaine, Mrs. E. Davison, Mrs. M. Davison, Mrs. W. Bates, Mrs. J. McNeill, Mrs. K. Walker, Mrs. J. N. Higgins, Mrs. S. Bond and Miss Gretta Vickers.

## Ann Landers

Dear Ann Landers: Is there any polite way to tell a woman who weighs 240 pounds how to sit down in a chair?

I have a friend who is just as lovely as she can be, but when she comes to my home, my heart is in my mouth. She has broken two chairs and wrecked my sofa (springs). I have fine furniture, Ann, but no furniture is built to take the beating she gives it.

She comes into a room and just backs up to a chair and sort of falls on it. I can almost hear the springs popping and the wood splitting. My husband is sick of her thoughtlessness and feels that we should send her the bill for any future damage done to our furniture. I just can't bring myself to do it.

Please tell me what to do about this embarrassing and expensive problem.

BAFFLED HUNNIE  
Dear Hunnie: You can't send a friend a bill for damage done unintentionally in your home. It would be nice, however, if the friend offered to pay.

Since she does not offer, your best bet is to lead her by the arm to the chair which can best hold her. And don't let her loose until she has parked herself.

Dear Reader: Every once in a while I receive a letter that I can print without changing a single word or dropping as much as a comma. I received such a letter today and here it is:

Dear Ann Landers: This is not a letter asking for help. There is no help for me and

## Bride Carries Roses

St. Andrew's Presbyterian Church was the scene of a pretty wedding Friday evening when Patricia Kathleen Rainey became the bride of Mr. David L. Thomson.

Rev. Dr. J. L. W. McLean officiated at the evening ceremony for the daughter of Mr. and Mrs. Joseph H. Rainey, 2310 Richmond Avenue, and the son of Mr. and Mrs. Ken Thomson, 7048 West Saanich Road.

Given in marriage by her father, the bride chose a slipper-length gown of white organza fashioned with lace and mother of pearl sequins on the bodice. Her bouffant veil misted from a tiara of rhinestones and pearls. Tallman roses were in her cascade bouquet.

Mrs. F. G. Sheldrake, sister of the bride, as matron of honor, and bridesmaids, Miss Sharon Warren and Miss Carol Thomson, sister of the groom, were gowned alike in emerald green peau de soie. They wore floral pillbox hats and carried bronze and gold chrysanthemums.

Mr. Bert Higgs was best man. Mr. Grant Sheldrake and Mr. Mel Ellington were ushers.

Pipe-Major Peter George piped the bridal party into the church and the reception at the Carleton Club. Dr. H. D. Middleton proposed the toast to the bride.

For a honeymoon motor trip to San Francisco, the bride wore a lemon yellow Italian knit dress with mocha accessories and a fur jacket. Tallman rose corsage completed her ensemble.

## Chemainus Ladies Win Golf Match

CHEMAINUS — The ladies of Mount Brenton Golf Club, were guests of the Qualicum Beach ladies at Qualicum Beach Golf Course on Monday. Luncheon was served at the Qualicum Beach Hotel and tea at the clubhouse. Chemainus ladies won the match by four points. A return match will be arranged shortly.

On Thursday, Ladies' Day, there was a good turnout of the membership when they played the monthly CLGU round. Winners of the low-gross were Mrs. Harold Cook, and runner-up was Mrs. Stuart Clement.

Mr. and Mrs. James G. Nem, 763 Lavender Avenue, who will be married 50 years Oct. 4, will celebrate their golden wedding anniversary Sunday, Oct. 6. They will receive their friends at the home of Mrs. Betty Christofferson, 956 Dunn Avenue, from 2 to 5 p.m. They were married in Lethbridge in 1913 and moved to Victoria in 1943. They have one son and three grandchildren who will come from Okla., Alta., to join them for the occasion.—(Canadian Studios)

## Showers Honor Beryl Campbell

Popular bride-elect Miss Beryl Campbell was guest of honor at several showers and parties given recently by her many friends.

Miss Roberta McDougall was hostess at a miscellaneous shower held at the home of her aunt, Mrs. P. Hutchinson, in honor of Miss Campbell.

Carnation corsages were presented to the bride-to-be, and to her mother, Mrs. D. F. Campbell, and Mrs. R. E. McKeever, the groom-elect's mother.

Guests were Mrs. G. Catterall, Mrs. I. Davidson, Mrs. M. Lindley, Mrs. J. Palou, Mrs. E. Charlton, Mrs. J. Coey, Mrs. C. Shearing, Mrs. W. Welman, Mrs. J. Wormald, Mrs. R. Vater, Mrs. G. Sheppard, and the Misses C. Cornish, C. Lindley, J. Knudson, B. Beattie.

Miss Campbell was guest of honor at a miscellaneous shower given by Miss Carolyn Cornish. Corsages were presented to the honored guest, her mother, Mrs. Campbell, and the groom-elect's mother, Mrs. McKeever. The many gifts were concealed in a horn of plenty. Refreshments were served from an attractively decorated table centred with a shower cake.

Guests were Mrs. W. Sands, Mrs. A. Horne, Mrs. R. Daggett, Mrs. E. Lindley, Mrs. J. Carter, Mrs. K. Campbell, Mrs. W. Tomlinson, Mrs. R. Cornie, Mrs. J. Coe, Mrs. D. Moss, Mrs. P.

Woodward, Mrs. N. Davies, Mrs. M. Simpson, Mrs. C. Green, Mrs. H. Carlson, Mrs. S. Cornish and the Misses J. Sandilands, J. Sands, S. Cornie, L. Mathews, K. Evans, P. Boden, M. Woodward, R. Woodward, M. Morson, P. Merrill, F. Birch, J. Longden, A. Longden, D. Chaffield, C. Lindley.

decorated table centred with a bride doll.

Guests were Mr. and Mrs. W. Dunnett, Mr. and Mrs. S. Cornish, Mr. and Mrs. G. Reid, Mr. and Mrs. R. E. McKeever, Mr. and Mrs. K. Campbell, Mr. and Mrs. C. Porteous, Mr. and Mrs. H. Gilles, Mr. and Mrs. J. Coey, Mr. and Mrs. T. Matthews, Mr. and Mrs. R. Emery, Mr. and Mrs. D. F. Campbell, Mr. and Mrs. J. Carter, Mr. and Mrs. D. Lidstone, Miss Carolyn Cornish, Mr. Barry Lidstone, Mr. Tom Matthews, and Mr. Doug Campbell.

# TV TALK

By JIM TAYLOR

ABC-TV, struggling to break the CBS comedy stranglehold on the ratings, tossed Ben Casey in against Beverly Hillsbillies this season, gambling that the drawing power of Vincent Edwards was strong enough to topple the highest-rated show in television.

In the first week, at least, Casey flunked out. Spot ratings taken on opening night for both shows indicate the Hillsbillies continue to be the trend will continue.

The whole thing is rather sad, in a way. The two highest-rated shows on television up against each other, and viewers must decide whether to watch bad drama or bad comedy.

Decisions, decisions.

## Wednesday's Highlights

situated on the property to offer  
MAXIMUM advantage of the mar-  
velous views, and to afford privacy.  
WIRING, PLUMBING AND HEAT-  
ING ARE EXCELLENT. This is a  
lovely home. FARMY 1200-  
WITH A HUGE DINING ROOM  
with a view that will take your  
breath away. The front most best  
dinner you could imagine. Two bed-  
rooms and a full bathroom. DOW-  
N-TO-EARTH. A 1000 FOOT PAVED  
ROOM ON THE MAIN FLOOR—  
complete with a fireplace and  
staircase. Downstairs—A 1000-  
A LOVELY MASTER BEDROOM UP  
with a TWO-PIECE BATH. A large  
two-story garage off the main  
room that can be developed into  
two more bedrooms. If you  
wished, you could have a swimming  
pool. This is a dear little  
property, and the land that sub-  
divided would be most valuable.

**FULL PRICE \$24,500**  
TERMS

## Winning Contract

By HOWARD SCHENKEN and RICHARD L. FREY

"Circumstances alter cases" is a  
maxim which serves to  
remind bridge players  
that hardly any  
rules have universal  
validity. Almost any  
bridge "rule" has ex-  
ceptions, and this deal  
shows an exception to  
the rule of leading the  
higher card from a  
doubleton holding.

North was in some  
doubt about whether  
to respond to one  
spade. He had a bor-  
derline hand for a re-  
sponse and would  
have been wiser to  
pass, taking into ac-  
count the misfit in  
spades and the fact  
that no bid was really  
satisfactory. One  
trump was the only possibility, but the heart suit was  
a defect. The danger of missing a sound game con-  
tract by passing was slight and the danger of getting  
too high was appreciable, as was shown by the result.

With a good six-card suit and an ace more than an  
opening bid, South felt that he had to jump to three  
spades to invite a game. North passed hurriedly, well  
aware that he had nothing in reserve for his original  
response.

West led the heart queen and East took the ace.  
As West had not made an overall, it seemed likely  
that he had less than six hearts. In that case, declarer  
would have at least one losing heart to ruff in dummy,  
and it was urgent for the defense to lead trumps.

East led a trump, but it would have been a mistake  
to make the routine lead of the 10, the higher card  
of the doubleton. East could not afford to waste the  
10, which was a useful honor card. He led the deuce  
and declarer put up the king. West took the ace  
and returned a low spade. He knew that this might  
cost him a trump trick, but he expected at least to  
break even by depriving South of a heart ruff. With  
the spade 10 in East's hand to force South's queen,  
the contract was defeated. Declarer could not ruff  
a heart and still had to lose a second trump trick.  
There was no other way to defeat the contract after  
the original heart lead.

### Last-Minute Rush

## Alberta Medicare Starts Quietly With Good Support

EDMONTON, Alta. (UPI) — Medicare made a quiet debut in a second Canadian province Tuesday and last-minute registration seemed to indicate it would be a success.

After a bitter doctors' strike at its inception over a year ago in Saskatchewan, Premier E. C. Manning's voluntary medicare deal swung into operation in Alberta with many a ripple on the medical scene.

The only fear was that people would not go for it. Up to a week ago, it appeared that less than a quarter of the 425,000 persons eligible for the plan would sign up.

**BUSINESS BRISK**  
But last week saw citizens standing six and seven deep in Medical Services Incorporated (MSI) offices and the other 48 authorized private insurance companies reported business was brisk.

Hailed by the Alberta College of Physicians and Surgeons as the prototype for a national medicare plan, the Alberta deal features government subsidization of premiums charged by private insurance companies.

**MAXIMUM PREMIUM**  
The government set a maximum premium the companies could charge and then underwrote a portion of it for those who had no taxable income or a taxable income of \$500 or less.  
The subsidy amounts to \$18 on a single person's annual premium of \$63, \$42 on a married couple's premium of \$116, and \$72 on the premium of \$158 charges to married couples with dependents.

**SUBSIDY HALVED**  
The subsidy is halved for persons or families who had taxable income of \$500 or less.

The plan is voluntary and leaves the doctor-patient relationship intact — a worrisome point in the Saskatchewan scheme. It also requires no

## Landymore On Way To Frisco

Rear-Admiral W. M. Landymore, FOPC, left Esquimalt yesterday afternoon aboard the destroyer escort HMCS Skeena, bound for San Francisco.

This afternoon he will transfer at sea from Skeena into sister-ship HMCS Fraser, which left Esquimalt yesterday morning.

In that ship the admiral will travel to the Golden Gate city, to confer with senior officers of the U.S. Navy's Pacific Fleet operating out of San Diego.

HMCS Margaree will join the Skeena and Fraser at a later date. Adm. Landymore will return to Esquimalt by aircraft Oct. 5.

The three destroyer escorts will continue exercises taking them first to the Long Beach, Calif. area and later to Pearl Harbor in the Hawaiian Islands. They will return to Esquimalt Nov. 21.

means test. The government plans to police it merely by making periodic checks of policyholders.

The plan covers:  
—Medical, surgical and obstetrical services of any physician;  
—Diagnostic therapeutic treatment and care;

—Specialist and consultative services when required;

—Anesthetist services;

—Necessary laboratory services and diagnostic aids, including X-rays;

—An annual checkup after a person has been a policyholder for two years and psychotherapy after one year;

—Waiver of the premium for six months if a person is totally disabled before the age of 65.

### NO DENTAL CARE

It does not cover:

—Services not rendered by a physician;

—Dental care and dental X-ray;

—Physicians' mileage or travel time expense;

—Expenses covered by the Workmen's Compensation Board;

—Sterilization for reasons other than health;

—Treatment resulting from participation in war or riot;

—Physiotherapy and electrotherapy;

—Ambulance, hospitalization and nursing services;

—Drugs, medicines or appliances;

—Eye examinations and eye glasses;

—Pregnancies commencing prior to the effective date of coverage.

## Garden Notes

# The Despoilers

By M. V. CHESNUT, FRHS

I imagine almost everybody is familiar with the insect we call Daddy-longlegs, so often observed bumbling around the garden and lawn in the late summer and fall. The creature itself is harmless enough—it doesn't sting or bite—but it isn't so generally realized that these bugs give rise to one of the most troublesome soil pests with which we have to contend—the leatherjackets.

The flight performance of Daddy-longlegs is probably the most awkward of all flying creatures, and I can't imagine how they ever manage to stay alive long enough to mate and impregnate our soil with their eggs. They flutter around like a helicopter with the hiccups, long legs dangling, obviously too clumsy and slow to take evasive action when attacked by their natural enemies, but enough of them always survive the mating season to provide a first-class headache for gardeners everywhere.

Daddy-longlegs are mostly in evidence during September and October, and this is when they lay their infernal eggs. These hatch after incubating in the soil for about two

weeks, and the grubs, called leatherjackets, feed throughout the autumn, winter and spring, turning to pupae during the summer. Their food, unfortunately, is the roots of our most cherished plants, and they seem to be particularly fond of grass roots.

The young grubs are very susceptible to heat and drought, and there is a high death rate when we have a dry, sunny autumn. It is when cool, damp conditions prevail at the time when the eggs are hatching that leatherjackets are the most numerous and destructive.

They attack the roots of a very wide range of plants, usually feeding below the surface, but on warm, damp nights they will come upstairs and chew off our plants at soil level in a manner similar to cutworms. Damage is most frequent to perennial flowers, strawberries and lawn grasses, but young plants and seedlings of all kinds are attacked. In lawns, the tender young grass roots are eaten away, resulting in dead brown patches often mistaken for a fungus disease in the turf.

Another common source of grief comes from bringing garden soil in

for the filling of seed flats, flower pots and bulb pans, as the leatherjackets are usually overlooked in the potting soil because of their protective earthy color, and a couple of hungry young leatherjackets in a flat full of tender young seedlings can really have themselves a ball. If it is impracticable to sterilize your potting, bulb-planting or seed-sowing soil with heat or chemicals, at least put the soil through a sieve enough to sieve out these grubs.

On vacant ground outdoors, a good defence is autumn and winter digging, for the birds feed greedily on leatherjackets in newly-dug ground, and the digging is of great value in bringing the pests to the surface and exposing them to their enemies. On lawns and in the perennial flower beds and the strawberry patch, the plants must be poisoned with a reliable soil insecticide. Aldrin, dieldrin and heptachlor are all excellent weapons against the leatherjackets, and may be purchased either as a dust or in liquid emulsion form. My personal preference is for chlordane emulsion, one tablespoonful per gallon of water, applied copiously with a watering can at a time when the soil is already moist.

## The Little World of SHEILAH GRAHAM

# What a Way to Exit!

HOLLYWOOD (NANA)—Elizabeth Taylor's fabulous entrance into Rome in Cleopatra has nothing on Shirley MacLaine's exit with Robert M'Kenna in What a Way to Go. And this is how they go—on a foam rubber mattress inside a giant champagne glass, full to the brim with champagne. What with Carroll Baker stripping from a chandelier in The Carpetbaggers, you must admit that glamour and hi-jinks have returned to Hollywood.

Bibi Rayworth took her favorite red wig and her favorite guitarist, Antonio Morales, to Madrid to keep her soothed in Circus World. . . . Rod Taylor's sense of humor, "I'm in the Margaret Rutherford picture, the VIPs." . . . and the rumor from Mexico has Sue "Lolita" Lyons deciding to take on Dickie Barton because the publicity of a romance with him would catapult the 17-year-old sex symbol into world-wide fame.

Oscar-winning writer Abby Mann is the new prince charming with the beauties of Hollywood. So it's just as well his wife called it a day with their marriage.

Jul St. John added the feminine touch to Frank Sinatra's beautiful big penthouse in New York. Sounds promising. . . . Sandy Koufax, that handsome pitching star of the Dodgers, will discuss a movie contract after the World Series. This way, unlike Mr. Belushi, he can hang on to both careers.

All sorts of fancy actors in London are now getting "credit" for being the unnamed man in the mask in Lord Denning's report.

Rod Taylor is back in the ever-loving arms, he hopes, of his wife, having flown back from Madrid where he was supposed to star with John Wayne in Circus. As far as Rod could see, all three leading men, including Mr.

Wayne, are there for the purpose of supporting Claudia Cardinale. Having just supported Elizabeth Taylor in the VIPs, Rod has had it. Trouble in his marriage? "We've had our ups and downs but everything is okay now."

The hardest tickets to get in New York right now, by the way, are for VIPs. It's the hottest bit of the season. . . . there was something pathetic about Miss Taylor referring to Mr. Barton as "my husband." I think she will be hurt more over this romance than she could possibly be, because I am sure they will take him back, and what will be left for Elizabeth?

No wonder Robert Preston is smiling. He scored a big hit in All the Way Home at the New York film festival, as did co-star Jean Simmons. She will be Oscar-nominated for sure. And while Robert is not yet living in the family home—he is still in a New York hotel—he is dining and winning the lady he married 20 years ago.

Otto Preminger has signed his Cardinal star Tom Tryon to another contract and Tom will star for Otto in his newly-purchased Hanna's Way.

In the planned re-make of the old John Garfield-Lilli Palmer, Body and Soul, movie, that great colored singer, Shirley Bassey, will play the Miss Palmer role. I saw Shirley perform for the first time last summer at the London Palladium. She stole the evening. Just marvellous. Richard Harris, who is pretty good himself, will be doing the Garfield role in B and S.

Sam Beaumont was watching A New Kind of Love, which she was first offered and when she thought the part was too small, Shirley Bassey accepted it with pleasure. "I would still prefer the Joanne Woodward part," stated Beaumont.

## At the Gallery

By Ina D. D. Uthoff

# City Artists Win Wide Acclaim

The prize-winning plans for the Simon Fraser University, to be built at Burnaby, are still on view and are well worth a visit to the Gallery, as they represent a new element in public building in this decade.

The Fifth Biennial of Canadian Painting has recently been returned to Canada from the Commonwealth Institute in London, England, where it has been shown during the summer months.

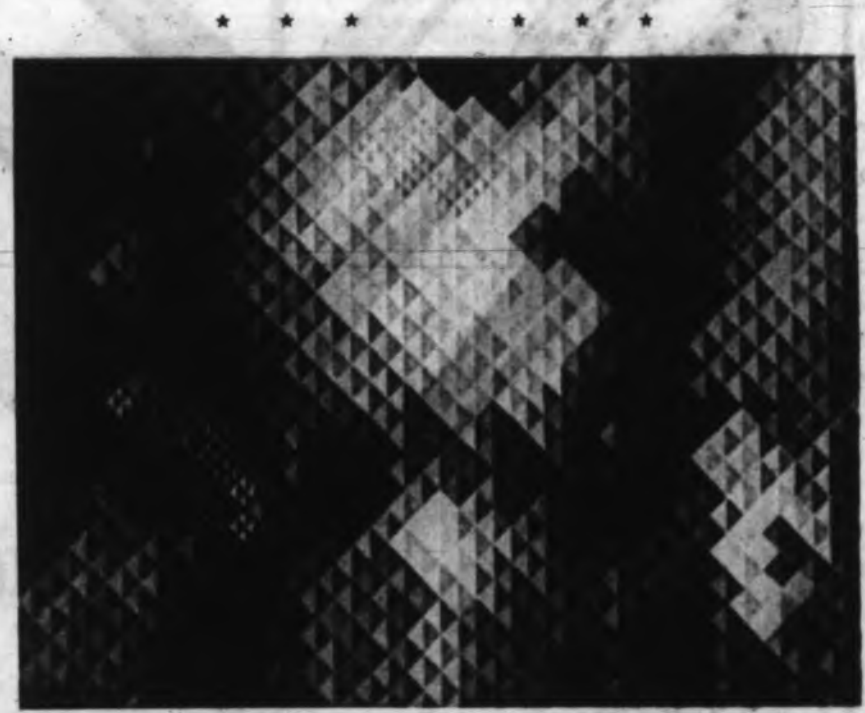

Its opening was attended by Her Majesty the Queen, and it has received high critical acclaim in the British press.

The biennial is primarily organized by the National Gallery of Canada to acquaint Canadians with the best in Canadian art produced during the past two years.

It is gratifying to know that two local painters, Margaret Peterson and Maxwell Bates, are included, and Mr. Bates is one of the few selected for special mention. His painting, Facets Eleven, has now been purchased for the permanent collection of the National Gallery.

I have received from the National Gallery of Canada an illustrated brochure on Canada's contribution to the seventh Sao Paulo Biennial, to be shown at the Museum of Modern Art in Sao Paulo, Brazil, later in the year.

This biennial ranks with the Venice Biennale as one of the

Purchased by National Gallery at Eleven, by Victoria artist Maxwell Bates, ARCA.

foremost showcases for avant-garde painting produced throughout the world. Paintings by three Canadians, Margaret Peterson of Victoria, Thomas In Pierre of Toronto, and Jean McEwen of Montreal, with sculpture by Richard J. Turner of Vancouver have been chosen, the paintings for the biennially opposed viewpoints expressed, the sculpture for its free interpretations than those of the past.

Art must move on; it should mirror the times we live in.

Popular appreciation can hardly be looked for as the artist is a forerunner. Take the case of Margaret Peterson. When we first showed her work at the art gallery, there was hardly any attendance. It was the painters who recognized her power. And now she is one of those chosen to represent the progress of art in Canada in one of the world's foremost exhibitions.

We are fortunate in having remaining static in his own work. Constant experimentation makes him a forerunner, ways ready to recognize and acknowledge any widening of the scope of painting, and never

## The Plaintive Question: What Happened?

By TERRY HAMMOND  
Colonist Legislative  
Reporter

What happened?  
This plaintive question was on the lips of thousands yesterday as they surveyed the wreckage of the "resurgent" Conservative Party, the stagnant state of the Liberals and the tarnished image of the NDP.

Officials of all three opposition parties had felt that if ever there was a time to beat the Bennett government it was now.

But the wily hardware merchant from Kelowna decisively outmanoeuvred the Nanaimo carpenter, the Vancouver huckster and the Kamloops Rhodes scholar.

**JOB SECURITY**  
Not only did Premier Bennett drop their parties at the polls, he shook their job security.

In Vancouver yesterday there was growing discontent with party leadership within the ranks of the NDP and the Liberals.

Robert Strachan, with the aid of more party funds than the B.C. NDP has ever had before, ran an apparently brilliant campaign that just didn't work. There is a feeling, the diehard socialists who only reluctantly took two smart steps to the right as a result of Mr. Strachan's moderation pitch.

Continued on Page 3

### Starting Pitchers

Best pitchers in respective leagues, Whitey Ford of New York Yankees, left, and Sandy Koufax, both left-handers, are starting pitchers for world series opener in New York today. See details on Page 5.—(AP Photofax).

## Little Girls Stripped And Slain

MINNEAPOLIS, Minn. (UPI)—Two little girls apparently kidnapped from their south Minneapolis homes three weeks ago were found stripped and slain today in a wooded area near a suburban treatment centre for alcoholics.

The bodies of Melissa Ann Lee, 5, and Barbara Foushaug, 4, lying face up side by side under an elm tree, were identified by Melissa's step-father, Melvin Leverett.

Capt. Henry Deason, head of the Minneapolis police homicide division, said "It seems certain now that they were kidnapped and slain."

"By whom is another question," he said, "and we won't know whether they were lured into a car with candy or forcibly abducted."

A playmate told police that a black-haired stranger with candy enticed the girls, forced one of them into his car and that the other followed voluntarily.

Federal Bureau of Investigation agents, Minneapolis and suburban police and Hennepin County sheriff's officers rushed to the scene.

## Military Shift Some Units May Go

HAMILTON (CP)—Defence Minister Paul Hellyer said Monday night decisions about scrapping some elements of Canada's armed forces are likely to be announced shortly.

The review of defence, Mr. Hellyer said in an interview, is proceeding on schedule.

"Some papers are finished and by

the end of the year the review should be finished," he said. In some cases particular elements of the new policy will be announced before the general policy is unveiled.

A white paper on defence is to be presented to Parliament in December. Mr. Hellyer said the document is classified but parts of it will be declassified in time.

# FLORA KILLS AT LEAST 17

PORT OF SPAIN, Trinidad (AP)—Hurricane Flora killed at least 17 persons and injured hundreds on a destructive sweep Monday across the Robinson Crusoe storybook island of Tobago.

The violent storm Tuesday night roared west-northwest from the eastern Caribbean over open seas toward the northern periphery of the West Indies.

On Tobago the casualties were announced by the local Red Cross. It said many were homeless as well in the wake of Flora, which had winds of 118 miles an hour.

**MASS OF WRECKAGE**  
Witnesses said Trinidad's sister island, an outlying part of the new Trinidad-Tobago nation, was a tangled mass of wreckage.

More than 24 hours after the hurricane hit it was not possible to estimate the extent of damage, mainly because communications between Scarborough, the capital, and the rest of the island were cut.

The hospital was jammed with injured people, forcing authorities to limit admissions to serious cases.

Electricity, telephone and water systems cannot be restored for several days, or even weeks. Thirsty islanders, collecting water from muddy ponds, have been warned by medical officers that unless every drop is boiled there is danger of a typhoid epidemic.

**STATE OF EMERGENCY**  
A state of emergency was declared on Tobago.

Buildings destroyed include the Anglican Church of St. Andrew; the old Roman Catholic Church, and the convent. Coconut estates were flattened and there has been great damage to livestock.

### Seawall

## Death Calls Time

VANCOUVER (CP)—James Cunningham was "bound and determined" to finish the stone seawall around Stanley Park all by himself.

But the craggy old stone-mason died in hospital Friday, his goal within sight.

Mr. Cunningham, 85, labored on the park seawall more than a quarter century, completing three miles.

**WEATHERBEATEN**

The years left him as weatherbeaten as the wall itself, but he was determined to finish the last 1½ miles.

"He was bound and determined that no one else would do it," his daughter, Mrs. A. J. Millard, said Tuesday. "But I guess it just wasn't meant to be."

Mr. Cunningham suffered a stroke Thursday as he prepared to leave for work.

### Commons

## Grits Survive Pension Test

OTTAWA (UPI)—Prime Minister Pearson's government last night survived its second vote of the day on Opposition demands to amend the \$10 pension increase, and heard a Conservative call for the resignation of Health Minister Judy LaMarsh.

The second vote, following an earlier effort by the Tories, came on an amendment by Social Creditor Real Caouette whose supporters wanted the government to reduce the eligible age for old age pensions from 70 to 65 without a means test and age 60 with a means test.

The amendment was ruled out of order by the Speaker for attempting to widen the scope of the pension increase resolution. This ruling was appealed.

The Liberals, with the support of the Conservatives, New Democrats and four Robert Thompson Socialists turned back the appeal by a vote of 172 to 14.

### Veterans Keep Up

OTTAWA (CP)—War veteran allowances will be adjusted to keep in pace with the proposed \$10 monthly increases in old age pensions, Veterans Minister Teillet told the Commons yesterday.

## Unions Reach Impasse Trustee Plan Goes On

OTTAWA (CP)—An impasse has been reached in talks between Canadian and United States trade union leaders seeking to draft a private trusteeship plan to clean up labor lawlessness on the Great Lakes.

Informants said Tuesday night that the Canadian Labor Congress has laid out specific conditions which must be met in any union-sponsored clean-up of the Seafarers' International Union of Canada.

**SU OPPOSITION**  
So far, the conditions have not been accepted by the AFL-CIO—and in particular by Paul Hall, an AFL-CIO vice-president who heads the 75,000-member SIU of North America.

The stalemate in the trade union talks indicates the government will proceed as planned with its legislation to impose a public trusteeship on the SIU and four other marine unions.

The 11th-hour manoeuvring is expected to continue up to the trusteeship becomes law.

**FIRST MOVE TODAY**

Labor Minister MacEachen served fatal notice Tuesday that the first step in imposing the trusteeship will be taken in the Commons when a resolution preceding the actual legislation moves onto the government order paper today. Mr. MacEachen is expected to make a statement during the question period.

## Ottawa Will Back Takeover to Hilt

OTTAWA (CP)—If the government imposes trusteeship on Canadian maritime transportation unions, it is prepared to back the trustees with every power at its disposal, a reliable source said Tuesday.

Plans have been mapped to deal with various possible counter-attacks on the federal trusteeship—from wildcat walkouts that might tie up lake shipping to court actions that contest the legality of the trusteeship legislation.

Under the government plan, the trustees would be armed with authority to enforce the no-strike provisions of existing collective agreements between shipping companies and the five unions involved in the trusteeship.

The justice department also would be ready to fight any court action trying to upset the legality of the trusteeship.

The Seafarers' International Union of Canada (Ind.) has indicated it plans to use every legal weapon at its command to fight government intervention in its internal affairs.

In the past, the SIU has won its way with shipowners by calling its crews ashore for so-called prolonged "prayer meetings."

### Editor Demands Return Of Island to Indians

VANCOUVER (CP)—Mrs. Maisie Hurley wants Vancouver Island given back to the Indians or she'll go to the United Nations.

Mrs. Hurley, publisher of The Native Voice, has launched her campaign over the firing of two Indians, Cliff White and David Bob, for possessing six deer carcasses out of season, despite a document signed by Governor James Douglas giving Indians the right to hunt over unoccupied lands.

"The magistrate found the treaty is invalid," Mrs. Hurley said. "I agree, and the land should go back to the Indians."

## Third Bomb Arrest As Dynamite Found

BIRMINGHAM, Ala. (AP)—A third man was arrested and a large quantity of dynamite discovered in a wooded area north of Birmingham Tuesday in a continuing investigation of Birmingham racial bombings.

The third man arrested, John W. Hall, 38, of suburban Gardendale, was released on \$300 bail, having been charged with illegal possession of dynamite.

One of two men arrested Sunday was granted bail in a habeas corpus hearing. All three men are charged with illegal possession of dynamite, a misdemeanor.

Col. Al Lingo, commander of the state highway patrol, an-

nounced Hall's arrest Tuesday afternoon, a few minutes before a habeas corpus proceeding for Robert E. Chambliss, 59, who was taken into custody Sunday and held on open charges.

## Weary Oil Workers Battle Runaway Well

GULL LAKE, Sask. (CP)—A weary group of oil workers kept watch seven miles northwest of here Tuesday on a cable 4,000 feet long that was being drawn slowly back and forth to saw through damaged equipment stop a runaway oil well.

Other workers were assembling equipment and material to be used by wild well fighter Red Adair of Houston, Tex., to bring the well under control once the damaged wellhead has been sawed off. Adair arrived Tuesday afternoon.

The well, owned by Garvey Explorations Ltd. of Denver, blew out a week ago and crews have been battling it since.

## Second Vote Halts Mathematics Crisis

EDMONTON (CP)—Canadian university student leaders bogged down in a problem of simple arithmetic yesterday morning during the 27th annual meeting of the National Federation of Canadian University Students.

The conference was asked to rule on a motion to move into committee to study ways to avert a threatened split between French and English-speaking students. A two-thirds majority was required to carry the motion and the vote was 25-14.

The chairman ruled the motion received the required majority, but several delegates disagreed. The session waited while the chairman went over his arithmetic.

He finally declared he could not resolve the mathematics. Neither could three others assigned to calculate the figures. The chairman ordered a second vote and the motion was carried without question.

### U.S. Voices Fear

## Columbia Trouble?

OLYMPIA, Wash. (AP)—Prospects for Canadian ratification of the Columbia River treaty have been dimmed by re-election of Premier W. A. C. Bennett's Social Credit party in British Columbia, a Washington state official said Tuesday.

Earl Cox, director of the Washington department of conservation, said "we've heard constantly for the last three years that Canada was about to ratify the treaty."

"Mr. Bennett has changed his mind on one pretext or another

each time it looked like Canada was going to sign."

Cox's statements contradicted reports from both Ottawa and Victoria that re-election of the Social Credit government would expedite ratification of the treaty.

**AGREEMENT NEAR**  
In Victoria, Attorney-General Robert Bonner said the treaty should be agreed to by both the United States and Canada late in December.

In Ottawa, Prime Minister Pearson indicated in the Commons that reappraisal of the treaty, already signed by the U.S. although not yet ratified by Canada, is nearly complete.

**STUDY PLANNED**  
Cox said that because there may be still another delay, the state of Washington will make an independent engineering and economic analysis of the means of obtaining alternative flood control and power benefits in the United States "without upstream storage impoundments in Canada."

## Will Seize French Farms Ben Bella Tells 100,000

ALGIERS (AP)—President Ahmed Ben Bella announced Tuesday night the seizure of all farmland in French hands in what observers interpreted as an effort to rally persecuted masses around him.

"Starting now, there will not be a single acre in the hands of French settlers," Ben Bella said to the rear of the crowd. At the same time, he vowed that blood will not flow in the crisis.

Meanwhile Morocco denied Ben Bella's charges made Monday that Morocco was supporting opposition to Algeria and had troops stationed within 10 yards of the border.

### Still Summer in Victoria

Letting their skin glow in warm October sunrays are regular cribbage players who go to beach on every sunny day: from left, Mr. and Mrs. Henry Browning of 244 Simcoe, and holders of 25-mile medallions in 50-

mile Colonist Walkathon last March 30, Mr. and Mrs. Harry Honeyset of 2649 Graham. Air temperature was at modest 64 degrees yesterday, but in sun it felt like summer again.—(Bud Kinsman)

# Young Talent on Olympic Lineup

By JIM TANG

Victorians who have suffered with hockey fans across the country as Canadian international teams, composed in the main of a ancient ex-professionals and aging amateurs never good enough to play with the pros, were humiliated increasingly often get a chance Friday to watch a group of youngsters who may well restore our hockey pride.

Appearing at Memorial Arena against the Portland Buckaroos Friday are 22 players from whom will be selected the team that will represent Canada in the Olympic tournament, at Innsbruck, Austria, Jan. 29-Feb. 10.

They should be worth seeing.

FATHER BAUER  
... hopeful

## Cassius Worries

### Chuvale

TORONTO (UPI) — Canadian heavyweight contender George Chuvalo is awaiting word from Louisville on the selection of a date for his proposed fight with Cassius Clay. He was worried that Cassius might back out of the bout.

Chuvalo, former Canadian champion from Toronto and now fighting out of Detroit, earned the fight with the No. 1 contender when he won a majority decision over Mike DeJohn in Louisville last Friday. Clay had announced earlier he would fight the winner in November at Louisville, his hometown.

"I'm scared to death he won't take the fight," Chuvalo said here last night. "Before I beat Mike DeJohn, he said he preferred to meet me because I was rude about his small arms."

## Rasmussen Bike Winner

Mike Rasmussen won the Victoria Cycle Club's 24-mile Island View Beach race Sunday in a time of 16 minutes, 15 seconds.

Alan Stanley was second and Tom McKenchie third.

Next Sunday's hill climb in Mount Douglas Park will wrap up the cycling season.

## Practice Time Set by Juniors

Victoria Cougars junior hockey team has four practices scheduled for the rest of the week. Any boys over 16 years are welcome to attend.

The practices, at Memorial Arena, are Thursday at 7:30 p.m.; Friday at 6 p.m.; Saturday at 5:30 p.m. and Sunday at 4:30 p.m.

## Soccer Slate

Saturday's Combination Soccer League schedule, with all games to start at 10 a.m., is as follows:

Navy Firefighters vs. RCN, Naden field; HMCS Malahat vs. Victoria Press, Topaz Park; Royal Roads vs. Island Tug and Barge, Royal Roads. Falcons have a bye.

## When to Fish at Mount Solunar Tables

According to the Solunar Tables published for this area, the best times for fishing and hunting for deer and fowling will be as follows (Times shown are Pacific Daylight Time):

TODAY		TOMORROW	
A.M.	P.M.	A.M.	P.M.
Minor	Major	Minor	Major
8:15	11:15	8:30	11:30
Major periods, shorter in duration, light type.			

ing, if for no other reason than to get a personal assessment of our Olympic chances. But there is very likelihood that the hockey entertainment on tap will be fast and exciting.

Manager-coach Hal Laycoe of the Buckaroos expects nothing but trouble from the Olympic-bound youngsters — and he isn't taking just for gate receipts. A part of those go to defray the expenses of the Olympic team, the rest after expenses to the Western Hockey League pension fund.

"I honestly believe," Laycoe said last night, "that this will be the best Olympic hockey team Canada has sent over for many years. I know one thing. They're going to make my boys sweat."

**ONE FAULT**

Inexperience is the only fault one can find with the Olympians at this stage, and they have arranged for 30 games in Canada against the toughest possible opposition to try and correct this before they leave for Europe. There, they will play 10 more games — one in Switzerland, three in Germany, two in Moscow and four in Czechoslovakia — before entering Olympic competition.

6110 Ganes-Noe (Wall)	120	Has a good record; top of game	(11)
6111 Room Service (Jensen)	120	Has a good record; top of game	(12)

Father David Bauer, who originated the idea of putting together a team of the best available youngsters to represent Canada in Olympic competition, has apparently been able to corral the cream of the Canadian crop between 19 and 23 years of age.

### NHL CO-OPERATES

On his club are most of the stand-out college and junior players in Canada, most of them by National Hockey League clubs who have co-operated in the all-out effort to restore Canada's hockey prestige.

Toronto Maple Leafs, for instance, have eight players on the club and in this talent are at least a half dozen youngsters they are counting on to be Maple Leafs of the near future.

They include the likes of the goalkeeper Ken Broderick, who may be ready in time to succeed Johnny Bower, two stand-out defence prospects in Terry O'Malley and Barry MacKenzie and forwards Brian Conacher and Terry Clancy.

If the last two names sound familiar, they should. Clancy, half again as big as his famous sire, is the son of King Clancy

and Conacher, another 190-pounder, is the son of Lionel "Big Train" Conacher, Canada's all-time, all-round athletic star. Dineen, youngest in the group at 19, is rated as perhaps the Leafs' outstanding young prospect.

They, and most of the rest, come from junior clubs such as Toronto St. Michael's and Marlboro, Montreal Canadiens and Edmonton Oil Kings or from United States universities they attended on scholarships.

### ANOTHER FIELDER

There is Roger Bourbonnais, captain of the Oil Kings when they won the Memorial Cup last season and an outstanding Detroit Red Wing prospect who has been compared to

Guyle Fielder as a playmaker. Then there is George Swarbrick, only 22 but the most promising player in the Saskatchewan Senior Hockey League last season, and Don Forhan who played with the last Olympic team and was sent over to try and help Trail Smoke Eaters in the world tournament last season.

The group from U.S. universities, who are playing a fine brand of hockey with teams built around Canadians on scholarships, includes Victor-ian Jack Wilson and captain Marshall Johnston from the University of Denver. Don Rodgers and Ross Morrison from University of Michigan. Al McLean and Dave Merri-field from University of North

Dakota, the U.S. inter-collegiate champions last season, and Gary Begg and Henry Akevall from Michigan's Houghton School of Mines.

Akevall, one of the two senior members, was a playing coach last season in Finland.

### BEST TALENT

Father Bauer, enthusiastic but realistic, talked about his club on the telephone last night before he sent it out to do battle with Vancouver Canucks of the WHL (Canucks won, 3-2).

"We are shy only of experience," he said. "We have speed and size and I do think that we have gathered together just about the best young talent that is possible to get."

Asked what he thought of Canada's chances in the event-toughening Olympic competition, Father Bauer was restrained but hopeful.

"I do really think we have a chance. This is a tremendously dedicated group of boys."

He didn't repeat it but there was no doubt but that Father Bauer already feels he has accomplished one goal. If there is to be a defeat, it will be defeat with honor for players who will at least give Europeans a different idea of people called Canadians.

And they just may give Europeans a different idea of Canadian hockey players. It is a bold experiment but by no means a rash one.

MICKEY MANTLE  
... after series

## Mantle To Face Surgery

NEW YORK (AP) — Mickey Mantle, New York Yankees' \$100,000-a-year outfielder with the dime-store legs, said Tuesday—the eve of today's world series opener—that he may be forced into a post-season operation on his left leg.

"If it doesn't get any better," said Mantle before taking a workout at Yankee Stadium, "it'll have to be operated on. It's been getting stronger day by day, but as it stands now, we think it's going to be operated on."

Mantle's latest possible bout with the scalpel—he has been operated on from his toes to his throat during his career—would date from the injury at Baltimore June 5 that contributed to his being out of all but 65 of the Yankees' games this season.

## Lineups

NEW YORK (AP) — Probable lineups for today's opening world series game at Yankee Stadium:

Los Angeles: Maury Wills m, Jim Gilliam 2b or 3b, Willie Davis cf, Tom Davis lf, Frank Howard rf, Bill Skowron 1b, Ken McMullen 3b or Dick Truesdale 2b, John Roseboro c, Sandy Koufax p.

New York: Tony Kubek c, Bob Richardson 2b, Tom Tresh lf, Mickey Mantle cf, Roger Maris rf, Elston Howard c, Joe Pepitone 1b, Cleo Howard 3b, Whitely Joe p.

Umpires — Joe Paparella, American League, plate; Tom Gorman, National League, first base; Larry Napp, American, second base; Shag Crawford, National, third base; John Rice, American and Tony Vernon, National, four lines.

## Campy Back in Series Limelight

Ex-Dodger catching great Roy Campanella, paralyzed since 1958 car accident, gets warm welcome as Los Angeles Dodgers hold pre-world series workout in Yankee Stadium. Dodger manager

## Koufax, Ford Clash Today

# This Series Battle of Lefthanders

By JACK HAND

NEW YORK (AP) — Sandy Koufax and Whitey Ford open the world series today at Yankee Stadium in an eagerly-awaited duel of ace left-handers that should set the pattern for the best-of-seven set between Los Angeles Dodgers and New York Yankees.

Despite Koufax's 25 victories for the Dodgers and his National League strikeout record of 306, the Yankees are favored 6 to 5 in the opener and 7 to 5 in the series.

A forecast for a sunny pleasant day with the temperature in the mid-70s assures a capacity crowd of 70,000-plus for the opener of the Yankees' 28th season.

World series preliminaries at 9:30 a.m., channels 2, 5 and 6, game time 10 a.m. Radio over CBU and KING.

The perennial American League champions have a 20-7 record in series play, compared to 2-9 for the Dodgers, and hold

a 6-1 edge over their old neighborhood rivals from the subway system days.

In the opener it will be the speed and firing power of 27-year-old Koufax, a Brooklyn boy, against the guile and cunning of Ford, a 34-year-old New Yorker whose 19-5 in 19 previous starts, makes him the greatest winner in series history. In regular season Whitey had a 24-7 record. Koufax's 25 victories included 11 shutouts.

The one doubtful position in the lineup of the two clubs was third base for the Dodgers. Ken McMullen, a rookie recalled from Spokane in late June, suffered a pulled hamstring muscle in his right leg last week.

It bothered him during Tuesday's workout at the stadium, and he appeared an unlikely starter. McMullen settled the Dodger infield after his recall and the club played much steadier ball. If he can not play from second to third and Dick Truesdale, a fine fielder but a .228 hitter, will go to second.

Both Mickey Mantle and Roger Maris are ready to go for the Yankees. Mantle's left foot was broken in Baltimore June 5 and he appeared in only 65 games. Maris has been troubled by a series of ailments, and played in 88.

The series is supposed to be a pitching battle, emphasizing left-handers in the first two games at Yankee Stadium.

The Yankees' club batting average was just slightly over the Dodgers'—.252 to .251—but the Yanks had a big power edge with 188 homers to 110.

The Dodgers have the speed of Maury Wills, who stole 40 bases, and Willie Davis, who stole 25. This will put pressure on the right arm of Yankee catcher Elton Howard.

## Brodie Hurts Arm Again

SAN FRANCISCO (AP)—The injured right arm of San Francisco 49ers quarterback John Brodie will be placed in a cast for six weeks, compounding the

problems of the winless National Football League club.

The 49ers, who changed coaches Monday, placed Brodie on injured waivers to open another spot on their roster. They figure he won't be claimed in his present condition.

He broke his right forearm—his passing arm—in a car accident a few months ago. The arm was injured again Sunday when he was tackled while carrying the ball against Minnesota.

Brodie's injury leaves newly-appointed coach Jack Christensen without a fully-tested regular quarterback.

Brodie's stand-in has been Bobby Waters but he has played only sparingly.

Brodie was held out of the second half of Sunday's 6-14 loss to Minnesota when it became evident he could not throw a long pass.

The defeat led coach Red Hickey to resign Monday.

## Winter Track Season Starts Olympic Plan in Naden Gym

One might expect that track and field enthusiasts would be packing away their gear with the approach of fall. Such is not the case in Victoria, however.

Those running the Royal Canadian Legion's junior Olympic training plan, under the chairmanship of Mrs. Betty Lambert, are just nicely underway in their winter training program.

Through the co-operation of the Royal Canadian Navy, the Olympians are able to use the HMCS Naden playing field and gym for two periods a week, Tuesday evenings and Saturday afternoons.

The program has 25 boys and girls from 11-16 years enrolled at present. Their numbers are only limited by the number of qualified instructors available.

The training program includes all track events from 50-yards to the mile and the full list of field events.

However, more instructors are needed right now. Those interested are asked to telephone Mrs. Lambert in the evenings at EV 5-5855 or come around to Naden Tuesday nights at 7 or Saturday afternoons at 2.

# Victorian Elects Jury Trial

DUNCAN — No plea was taken when Robert L. R. Dunbar, facing seven charges, appeared in police court and elected to be tried by a judge and jury.

One surety of \$2,000 property bail was set. The charges include: breaking and entering at Stenmark's Jewellers at Duncan with intent, at the Goldstream Inn at Colwood, at Barry's Garage at Cobble Hill, at the Thetis Lake Park concession stand, arson at Barry's Garage and two charges of possession of stolen goods each over \$50.

NANAIMO — B.C. Council of Yacht Clubs will meet tonight at 6 o'clock at their meeting rooms.

DUNCAN — The new slate of officers for the Duncan-Alexander PTA is headed by Mrs. J. D. Eldar, with Mrs. G. Mitchell as vice-president. Other officers elected were:

## Around the Island

Mrs. J. Whitmore, recording secretary; Mrs. H. Painter, corresponding secretary, and N. W. Campbell, treasurer.

The committees are: program, Mrs. B. Knipe, Mrs. L. Painter, Mrs. J. Pawlowski and Mrs. F. Cummings; ways and means, Mrs. C. Powell and Mrs. K. Mawby; hospitality, J. Cowans, D. Taylor, G. Braithwaite and Mrs. K. Partidge; social, Mrs. B. May, Mrs. I. Hamar, Mrs. H. Stacey, Mrs. C. Garside and Mrs. B. McKinley; membership, Mrs. R. Parkin, Mrs. T. Kilpatrick, Mrs. E. J. Sherwood; sunshine, Mrs. E. Plaskett and Mrs. J. MacDougall; and magazine, Mrs. D. Rorton.

DUNCAN — Police court: Francis Louie, Duncan, driving while suspended, \$100; juvenile, Duncan, driving without driver's licence and without insurance, \$20; juvenile, Duncan, stealing from city parking meters, six months probation and placed in custody of children's welfare department.

NANAIMO — Two Brannan Lake escapees were apprehended by police at Campbell River Monday. Money and cigarettes believed taken in a recent theft at Nanaimo were recovered.

ALBERNI — A resident of the Valley for 13 years, James Harper of 207 Mair St., Alberni, died in West Coast General Hospital on Tuesday morning. Born in Birmingham, England.

## Schoolgirls' Vote Predicted Outcome

Several hundred 14-to-17-year-old girls at St. Ann's Academy accurately predicted the outcome of Monday's provincial election in a mock vote cast last Friday for the six Greater Victoria ridings. They almost hit the Oak Bay riding right on the nose. The girls predicted a tie between the Social Credit and the Liberal parties.

(To keep voting procedures simple, the girls only voted for each party, instead of for actual candidates.) In the three Victoria seats, the girls voted more heavily Liberal than voters did Monday, and in Saanich the Liberal

party only lost out to Social Credit by one vote. The experiment in St. Ann's Academy was part of the school's Social Studies course, Canadians.

Sister Mary Jeannine said special credit should go to Valerie Ditomassi and Carol Gibson, both 16, for organizing most of the election.

There'll be an OWL DRUG STORE at MAYFAIR

And a doctor and a dentist too

And you can get LEE'S TOFFEE by the ton!

Cowichan-Newcastle

## Voters' List 'Disgraceful'

DUNCAN — At least two election officials are highly critical of the voters' list in the Cowichan-Newcastle constituency and one described the list as being in "a disgraceful state with gross inaccuracies."

Unrevised for years, the voters' list in this constituency contains names of people who have been dead for some time.

NOT HERE In one particular case a widow came to cast her vote and found her dead husband's name on the list but not her own.

The officials said the voters' list requires a thorough, impartial investigation by a committee not appointed by the government but chosen by the different parties in this constituency.

The official said this committee should investigate why the voters' list cannot be kept up to date, why is it possible that drastic mistakes arise and other pertinent points.

LISTED TWICE Quoting Section 13 of the Provincial Election Act, the official said each registrar of vital statistics is responsible for keeping the lists of voters up to date.

In another instance, the official stated, a person of Chinese origin was listed twice in

## Report Denied

OTTAWA (CP)—Transport Minister McInnis says it is "untrue" that further Canadian wheat sales have been inhibited by inability of the transportation industry to move present orders.

the voters' list here and all East Indians were listed under Singh.

The official said a registrar in an area with a large number of East Indians should know that the word Singh does not have anything to do with the name but is merely the equivalent to the English word Mister.

Yet another example of in-

correct voting procedures here was criticised by three scrutineers who challenged a double voting for the same name and the same number.

The scrutineers said the name had been struck-out in the morning and in the afternoon was called up again.

They said their challenge was ignored. Scrutineers also complained about the loitering

of people in the polling station at Duncan who had completed voting and were standing loudly talking and laughing.

## Ever Hear of a "DIURETIC"?

Maybe not. But you should know what a "diuretic" does. There may be times when you should use one. You likely understand how important the kidneys are in maintaining good health. Also that if the kidneys fail to function properly excess acids and waste material remain in the system. This may result in subsequent urinary irritation and bladder discomfort, often followed by backache, tired feeling and disturbed rest.

This is when the diuretic service of Dodd's Kidney Pills may be helpful. Dodd's act as a diuretic stimulant to help restore normal kidney action, and so relieve the systemic condition causing backache and tired feeling. When you are bothered by backache and tired feeling due to lazy kidney action you can depend on Dodd's Kidney Pills as many thousands have "done" during the past 70 years. Look for Dodd's at any drug counter.

## School Vote Planned

PORT ALBERNI — District 70 School Board representatives will go to Victoria on Friday to discuss a proposed school building referendum with B.C. Department of Education officials.

Tentative plans are for a new junior secondary school, alterations to existing schools and additions to several elementary buildings in the area.

### FOR PRESENTATION

Whether or not the referendum can be processed in time for presentation this year remains to be seen.

An application for a vocational school for the district is to go forward within a short time, according to a school board official.

At the present time federal, provincial and municipal governments share equally in construction of vocational schools.

## Wide Variety Of Lectures For Albernis

PORT ALBERNI — A season of lectures in the fields of public affairs, the arts, education, history, science, literature and music will begin Oct. 15 as a new venture here.

Entrepreneur of this series is the Alberni Valley Institute, created by Alberni school district as part of its expanding adult education program.

### VARIED SPEAKERS

Every third Tuesday of each month, from October through May except December, the institute will meet to hear challenging and interesting speakers from all parts of B.C.

First lectures scheduled is by University of B.C. Dean Neville Scarle on "The Challenge of Education in a World Adrift."

In November, Victoria University professor Dr. John Climenhaga will speak on "Exploring the Universe, followed in January, 1964, by UBC professor Dr. Blair Neatby who will talk on "Separation and French Canada."

## Active Councillor To Leave Saanich

Coun. Robert Ostler, active in Saanich municipal affairs and Liberal politics, was appointed yesterday as B.C. Telephone Company's district plant supervisor at Powell River.

He had been an employee of the B.C. Telephone Company in Victoria since 1945, working his way up from outside construction and installation crews to technician in charge of the central office.

He was chairman of the Saanich lands and planning committee and council's representative on the Capital Region Planning Board and the municipal advisory planning commission.

Coun. Ostler was also a Saanich representative on the Joint Juvenile and Family Court and Greater Victoria Industrial Research Commission, and a member of the municipal sign bylaw and special road committees.

## Job Picture Improving In Victoria

The employment situation in Greater Victoria is "steadily improving," according to a statement released by the National Employment Service.

Seventy-five fewer persons were seeking work at the office in September than were registered in August.

Part of the reason for the brighter job picture was the return to classes of students who held summer jobs. Continued activity in the tourist industry is also a factor, NES officials say.

Building construction and shipyard work are said to be steadily increasing.

Last year, the jobless total was up 500 at the end of September.

## Government Moves

## MLA Has Hope For Bamfield Marine Park

PORT ALBERNI — John Squire, MLA, has expressed optimism in the success of a plan to establish a provincial marine park in Bamfield area, a project for which the Bamfield Chamber of Commerce and other organizations have been pressing for some months.

The fact that private interests had been trying to purchase property held by Canadian Overseas Telecommunications Corporation sparked the move to develop a portion of the Bamfield cable station property for public use.

### LETTER BASIS

A letter from Harold G. McWilliams, director of the provincial parks branch, to D. F. Bowie, president and general manager of COTC, a copy of which was received by Mr. Squire, was the basis on which the member based his hope for success.

Mr. McWilliams asked that 10 acres near the Bamfield United Church be made available for development to provide grounds and boat-launching facilities in the sheltered area. He said that a marker would be erected to point out the historical importance of the cable station in the community.

## Ceremony Considered

## Rose May Wear Ribbons

A ribbon-cutting ceremony and a cavalcade of cars are being considered for the official opening next week of the new Rose Street extension route into the downtown area.

Tentative choice of the opening date is one week from Friday, Oct. 11.

The members of city public works committee in two cars Tuesday made the first unofficial run over the final link of Rose Street extension.

The section between Bay and

## High-Road to Safety

School children of Wellington, near Nanaimo, use new overpass at Jingle Pot Road on Island Highway on way to Mt. Benson School. Highway traffic, which took life of one student last year, streams safely below. Speed limit is expected to be restored in area to 50.—(Agnes M. Fleet)

## Truck Jackknifes Blocks Highway

## Hour Traffic Jam

## Truck Jackknifes Blocks Highway

A giant moving truck which jackknifed across the Patricia Bay Highway around 5 p.m. yesterday held up heavy ferry and commuter traffic for nearly an hour until two wrecking trucks could straighten it out and get it off the road.

A snapped driveshaft was believed to have been the cause of the truck's jackknifing.

### BRAKES LOCK

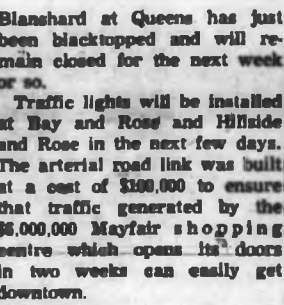

Central Saanich police said the broken shaft snapped the air brake-line triggering a safety device which locked the brakes.

The truck skidded across the highway, blocking all three lanes on the Keating Hill sector of the road.

### GOING TO VANCOUVER

The truck was empty and heading for Vancouver. It was owned by Belyea Moving and Storage Company, Vancouver, and driven by Walter Wiper, of New Westminster.

There were no injuries.

Rt. Rev. Paul Y. Kurose, bishop of the Anglican diocese of mid-Japan, is visiting Victoria with his wife.—(William A. Boucher)

Rt. Rev. Paul Y. Kurose, bishop of the Anglican diocese of mid-Japan, is visiting Victoria with his wife.—(William A. Boucher)

## Here from Japan

## Bishop Judo Teacher

By HARVEY SHEPHERD

A search for the grave of a former missionary and the help of two Canadians have brought a good-humored high-ranking Japanese clergyman and his wife to Victoria.

### THREE REASONS

Rt. Rev. Paul Y. Kurose of Nagoya, short, portly Anglican bishop of the diocese of Mid-Japan, and his soft-spoken but lively wife checked into the Empress Hotel Monday. They plan to stay in Victoria until today, before leaving for Vancouver and home.

Bishop Kurose, who attended the recent Anglican convention in Toronto and since has been travelling and preaching in Ontario, the Prairies and

Vancouver, said he came to Victoria for three reasons.

First, he wants to find the grave of a Canadian bishop whom he knew when he was at a Tokyo church boarding school and the Canadian was chaplain there many years ago.

Second, he and his wife were invited here by Mrs. S. A. Cuppage, 244 Baker, who met Mrs. Kurose recently while leading a tour of Canadian young people in Japan.

And third, Bishop Kurose said, smiling, Bishop G. P. Gower of New Westminster—"a friend, or rather a patron,"—reserved a room for them.

### FIRST VISIT

The couple are on their first visit to Victoria although his fourth, and her second, to Canada.

The bishop firm came to

Canada in 1935 when he studied — and organized judo classes — at Trinity College in Toronto. "Because of my poor English, I think I taught more judo than I learned theology."

### BLACK-BELT HOLDER

On his return to Japan, the bishop was awarded the black belt, fourth-highest honor in judo, for his services to judo in Canada.

He visited Canada again after Anglican conferences in England and Minneapolis.

The bishop said his diocese has some 2,000 Anglicans, in a total population of some 10,000,000. And the Anglican church is the third-largest Christian denomination in Japan, after the Catholics and the Japanese United Church.

Less than 0.7 per cent of Japanese are Christian.

Nagoya, a modern industrial city of some 2,000,000, is often bypassed by tourists who are looking for the rickshaws, geisha girls and temples of old Japan, he said.

"But if you want to see the future of Japan, and the future of the Orient, and the future of the world, you should not neglect Nagoya."

One of his great ambitions is to attract the young workers of Nagoya — who have drifted into the city and away from the Shintoist and Buddhist faiths of the conservative countryside and yearn for "some principle of life," — whether Communism or Christianity.

The bishop knows how it feels. He was baptized as a 22-year-old university student, a convert from Buddhism.

## Eight Per Cent

## Six Firms Due for Plaques As Appeal Reaches \$35,113

The Greater Victoria United Appeal had realized \$35,113 by press time today — about eight per cent of the \$400,000 goal for the area.

The fund was swelled yesterday by \$1,177, after the first day of the business district canvass by members of the Victoria Life Underwriters Association and service clubs.

About 45 Jaycees, aided by members of the Gyro Club and Kiwanis Beavers have chal-

lenged the life underwriters' group to a fund-raising contest. Each group hopes to collect \$4,700 from 1,300 firms in the downtown area.

The underwriters began their drive at 9 a.m. yesterday, and by 6 p.m., had collected \$927. The Jaycees and their helpers picked up \$250 in the afternoon.

The campaign will continue

### Deadline

### Advanced

Deadline for entering the B.C. Regional Drama Festival of the Dominion Drama Festival has been advanced to Nov. 1 from Dec. 1.

The earlier deadline "for notice of intention to enter" the festival was "in order to arrange for preliminary adjudication," the association said.

## Art Course

### Draws 94

A total of 94 children have registered for the children's art courses at the Art Gallery of Greater Victoria.

A few vacancies remain in the four-to-six year and 12-to-15 year age classes. Further information can be obtained by calling 284-3123.

## Speech Tonight

Major H. G. Wright of the Salvation Army will address members of the South Van Isle Lions Club when the group meets tonight at Chez Marcel, 1730 Island Highway. His topic will be rehabilitation.

## Transfer Order Awaited

DUNCAN — Formal signed order of Supreme Court Justice R. A. Wootton transferring a 17-year-old Duncan juvenile to adult court is expected to arrive here soon from Victoria.

The youth was charged with manslaughter after the sudden death Aug. 8 of 14-year-old Hugh George Nesbitt near the latter's Bazel Road home, four miles east of Duncan.

The juvenile was remanded until Oct. 10 when he will again appear before Magistrate Colin Anderson from Lake Cowichan at the Duncan juvenile court.

Duncan lawyer Thomas Lines, acting for absent defence counsel Angelo Branca of Vancouver, asked court for a week's adjournment to allow consideration of an appeal against the judgment which will raise the case to adult court. The juvenile is free on \$1,000 bail in the custody of his parents.

## City Girl Scalded

A milk bottle filled with boiling water shattered yesterday and spilled over a 10-year-old girl as she was washing the dishes at her home.

Robert Powell, 1068 Pandora, suffered scalds to her left side and left leg in the mishap. She was admitted to St. Joseph's Hospital and considered in satisfactory condition last night. Police said she had filled the glass bottle with boiling water from the kettle.

## Youngsters Stage Fair To Aid Fund

Three Victoria children have learned what it means to share — the United Way.

The three — Jan Shellen, 12½; Roslyn and Debbie and Patty Horlie, 2100 Falkland, staged a "fall fair" Saturday, selling cookies, cakes and toys.

### TO HEADQUARTERS

Monday, they walked into United Appeal headquarters and donated the \$8.05 they realized from the enterprise. Jan and the Horlie twins, all 10 years old, sold the articles for a penny each and kept nothing for themselves. "It's too bad everyone hasn't got that kind of attitude," commented an appeal official.

## The Plaintive Question:

# What Happened?

By TERRY HAMMOND

Colonist Legislative  
Reporter

What happened?

This plaintive question was on the lips of thousands yesterday as they surveyed the wreckage of the "resurgent" Conservative Party, the stagnant state of the Liberals and the tarnished image of the NDP.

Officials of all three opposition parties had felt that if ever there was a time to beat the Bennett government it was now.

But the wily hardware merchant from Kelowna decisively outmanoeuvred the Nanaimo carpenter, the Vancouver huckster and the Kamloops Rhodes scholar.

### JOB SECURITY

Not only did Premier Bennett drub their parties at the polls, he shook their job security.

In Vancouver yesterday there was growing discontent with party leadership within the ranks of the NDP and the Liberals.

Robert Strachan, with the aid of more party funds than the B.C. NDP has ever had before, ran an apparently brilliant campaign that just didn't work. There is a feeling the diehard socialists who only reluctantly took two smart steps to the right as a result of Mr. Strachan's moderation pitch.

(Continued on Page 3)

## Starting Pitchers

Best pitchers in respective leagues, Whitey Ford of New York Yankees, left, and Los Angeles Dodger ace Sandy Kousser, both left-handers, are starting pitchers for world series opener in New York today. See details on Page 3.—(AP Photos).

## Little Girls Stripped And Slain

MINNEAPOLIS, Minn. (UPI)—Two little girls apparently kidnapped from their south Minneapolis homes three weeks ago were found stripped and slain today in a woods near a suburban treatment centre for alcoholics.

The bodies of Melissa Ann Lee, 5, and Barbara Foshaug, 4, lying face up side by side under an elm tree, were identified by Melissa's step-father, Melvin Leverett.

Capt. Henry Deason, head of the Minneapolis police homicide division, said "It seems certain now that they were kidnapped and slain."

"By whom is another question," he said, "and we won't know whether they were lured into a car with candy or forcibly abducted."

A playmate told police that a black-haired stranger with candy enticed the girls, forced one of them into his car and that the other followed voluntarily.

Federal Bureau of Investigation agents, Minneapolis and suburban police and Hennepin County sheriff's officers rushed to the scene.

## Some Units May Go

HAMILTON (CP)—Defence Minister Paul Hellyer said Monday night decisions about scrapping some elements of Canada's armed forces are likely to be announced shortly.

The review of defence, Mr. Hellyer said in an interview, is proceeding on schedule.

"Some papers are finished and by

the end of the year the review should be finished," he said. In some cases particular elements of the new policy will be announced before the general policy is unveiled.

A white paper on defence is to be presented to Parliament in December. Mr. Hellyer said the document is classified but parts of it will be declassified in time.

# 17 KILLED BY FLORA

PORT OF SPAIN, Trinidad (AP)—Hurricane Flora killed at least 17 persons and injured hundreds on a destructive sweep Monday across the Robinson Crusoe storybook island of Tobago.

The violent storm Tuesday night roared west-northwest from the eastern Caribbean over open seas toward the northern periphery of the West Indies.

On Tobago the casualties were announced by the local Red Cross. It said many were homeless as well in the wake of Flora, which had winds of 118 miles an hour.

### MASS OF WRECKAGE

Witnesses said Trinidad's sister isle, an outlying part of the new Trinidad-Tobago nation, was a tangled mass of wreckage.

More than 24 hours after the hurricane hit it was not possible to estimate the extent of damage, mainly because communications between Scarborough, the capital, and the rest of the island were cut.

The hospital was jammed with injured people, forcing authorities to limit admissions to serious cases.

Electricity, telephone and water systems cannot be restored for several days, or even weeks. Thirsty islanders, collecting water from muddy pools, have been warned by medical officers that unless every drop is boiled there is danger of a typhoid epidemic.

### STATE OF EMERGENCY

A state of emergency was declared on Tobago.

Buildings destroyed include the Anglican Church of St. Andrew, the old Roman Catholic Church, and the convent. Coconut estates were flattened and there has been great damage to livestock.

### Seawall

## Death Calls Time

VANCOUVER (CP)—James Cunningham was "bound and determined" to finish the stone seawall around Stanley Park all by himself.

But the craggy old stonemason died in hospital Friday, his goal within sight.

Mr. Cunningham, 85, labored on the park seawall more than a quarter century, completing three miles.

### WEATHERBEATEN

The years left him as weatherbeaten as the wall itself, but he was determined to finish the last 1/4 mile.

"He was bound and determined that no one else would do it," his daughter, Mrs. A. J. Millard, said Tuesday. "But I guess it just wasn't meant to be."

Mr. Cunningham suffered a stroke Thursday as he prepared to leave for work.

## Unions Reach Impasse Trustee Plan Goes On

OTTAWA (CP)—An impasse has been reached in talks between Canadian and United States trade union leaders seeking to draft a private trusteeship plan to clean up labor lawlessness on the Great Lakes.

Informants said Tuesday night that the Canadian Labor Congress has laid out specific conditions which must be met in any union-sponsored clean-up of the Seafarers' International Union of Canada.

### SIO OPPOSITION

So far, the conditions have not been accepted by the AFL-CIO—and in particular by Paul Hall, an AFL-CIO vice-president who heads the 75,000-member SIO of North America.

The stalemate in the trade union talks indicates the government will proceed as planned with its legislation to impose a public trusteeship on the SIO and four other marine unions.

The 11th-hour maneuvering is expected to continue up to the trusteeship becomes law.

### FIRST MOVE TODAY

Labor Minister MacEachen served formal notice Tuesday that the first step in imposing the trusteeship will be taken in the Commons when a resolution preceding the actual legislation moves onto the government order paper today. Mr. MacEachen is expected to make a statement during the question period.

## Ottawa Will Back Takeover to Hilt

OTTAWA (CP)—If the government imposes trusteeship on Canadian maritime transportation unions, it is prepared to back the trustees with every power at its disposal, a reliable source said Tuesday.

Plans have been mapped to deal with various possible counter-attacks on the federal trusteeship—from wildcat walkouts that might tie up lake shipping to court actions that contest the legality of the trusteeship legislation.

Under the government plan, the trustees would be armed with authority to enforce the no-strike provisions of existing collective agreements between shipping companies and the five unions involved in the trusteeship.

The justice department also would be ready to fight any court action trying to upset the legality of the trusteeship.

The Seafarers' International Union of Canada (Ind.) has indicated it plans to use every legal weapon at its command to fight government intervention in its internal affairs.

In the past, the SIO has won its way with shipowners by calling its crews ashore for so-called prolonged "prayer meetings."

## Editor Demands Return Of Island to Indians

VANCOUVER (CP)—Mrs. Bob. for possessing six deer carcasses out of season, despite a document signed by Governor James Douglas giving Indians the right to hunt over unoccupied lands.

"The magistrate found the treaty is invalid," Mrs. Hurley said. "I agree, and the land should go back to the Indians."

Mrs. Hurley, publisher of The Native Voice, has launched her campaign over the finding of two Indians, Cliff White and David

## Third Bomb Arrest As Dynamite Found

BIRMINGHAM, Ala. (AP)—A third man was arrested and a large quantity of dynamite discovered in a wooded area north of Birmingham Tuesday in a continuing investigation of Birmingham racial bombings.

The third man arrested, John W. Hall, 36, of suburban Gardendale, was released on \$300 bail, having been charged with illegal possession of dynamite.

One of two men arrested Sunday was granted bail in a habeas corpus hearing. All three men are charged with illegal possession of dynamite, a misdemeanor.

Col. Al Lingo, commander of the state highway patrol, an-

nounced Hall's arrest Tuesday afternoon, a few minutes before a habeas corpus proceeding for Robert E. Chambliss, 60, who was taken into custody Sunday and held on open charges.

## Driver Rushes Girl To Hospital in Bus

A nameless driver of a passenger-filled B.C. Hydro bus earned the undying gratitude of an injured child's mother yesterday by going off his route and making an emergency run to St. Joseph's Hospital.

Eleven-year-old Roberta Powell, 1048 Pandora, scalded herself when a milk bottle filled with boiling water exploded and ran over her.

Mr. and Mrs. B. E. Powell were standing at Pandora and Cook waiting for the police when the bus driver pulled up and asked if he could help.

The couple, with their little girl crying in pain, boarded the bus.

"I didn't think of fares or anything. The passengers didn't complain. They seemed as anxious as we were to get the

child to the hospital," Mrs. Powell said. "When we got there I just jumped out. I didn't get his name. I would like to thank him."

Roberta was in satisfactory condition last night.

## Second Vote Halts Mathematics Crisis

EDMONTON (CP)—Canadian university student leaders bogged down in a problem of simple arithmetic yesterday morning during the 27th annual meeting of the National Federation of Canadian University Students.

The conference was asked to rule on a motion to move into committee to study ways to avert a threatened split between French and English-speaking students. A two-thirds majority was required to carry the motion and the vote was 25-14.

The chairman ruled the motion received the required majority, but several delegates disagreed. The session waited while the chairman went over his arithmetic.

He finally declared he could not resolve the mathematics. Neither could three others assigned to calculate the figures.

The chairman ordered a second vote and the motion was carried without question.

### Commons

## Grits Survive Pension Test

OTTAWA (UPI)—Prime Minister Pearson's government last night survived its second vote of the day on Opposition demands to amend the \$10 pension increase, and heard a Conservative call for the resignation of Health Minister Judy LaMarsh.

The second vote, following an earlier effort by the Tories, came on an amendment by Social Creditor Reel Caouette, whose supporters wanted the government to reduce the eligible age for old age pensions from 70 to 65 without a means test and age 60 with a means test.

The amendment was ruled out of order by the Speaker for attempting to widen the scope

of the pension increase resolution. This ruling was appealed. The Liberals, with the support of the Conservatives, New Democrats and four Robert Thompson Socials turned back the appeal by a vote of 17 to 14.

## Head-On Crash

Sooke detachment of the RCMP and a wrecking truck were dispatched early this morning to a reported collision between an ore truck and a private car 15 miles west of Sooke.

An early report indicated that the truck had crushed the car. Condition of the occupants was not known at press time.

## U.S. Voices Fear

# Columbia Trouble?

OLYMPIA, Wash. (AP)—Prospects for Canadian ratification of the Columbia River treaty have been dimmed by re-election of Premier W. A. C. Bennett's Social Credit party in British Columbia, a Washington state official said Tuesday.

Earl Coe, director of the Washington department of conservation, said "we've heard constantly for the last three years that Canada was about to ratify the treaty."

"Mr. Bennett has changed his mind on one pretext or another

each time it looked like Canada was going to sign."

Coe's statement contradicted reports from both Ottawa and Victoria that re-election of the Social Credit government would expedite ratification of the treaty.

### AGREEMENT NEAR

In Victoria, Attorney-General Robert Bonner said the treaty should be agreed to by both the United States and Canada late in December.

In Ottawa, Prime Minister Pearson indicated in the Commons that reappraisal of the treaty, already signed by the U.S. although not yet ratified by Canada, is nearly complete.

### STUDY PLANNED

Coe said that because there may be still another delay, the state of Washington will make an independent engineering and economic analysis of the means of obtaining alternative flood control and power benefits in the United States "without upstream storage impoundments in Canada."

## Will Seize French Farms Ben Bella Tells 100,000

ALGIERS (AP)—President Ahmed Ben Bella announced Tuesday night the seizure of all farmland in French hands in what observers interpreted as an effort to rally peasant masses around him.

He made the announcement before some 100,000 Algerians massed to show support for the government in its struggle against Berber dissension in the Kabylie mountains.

"Starting now, there will not be a single acre in the hands of French settlers," Ben Bella said to the roar of the crowd. At the same time, he vowed that blood will not flow in the crisis.

Meanwhile Morocco denied Ben Bella's charges made Monday, that Morocco was supporting opposition to Algeria and had troops stationed within 10 yards of the border.

## Still Summer in Victoria

Letting their skin glow in warm October sunrays are regular cribbage players who go to beach on every sunny day: from left, Mr. and Mrs. Henry Browning of 244 Simcoe, and holders of 25-mile medallions in 50-

mile Colonist Walkathon last March 30, Mr. and Mrs. Harry Honeyset of 2649 Graham. Air temperature was at modest 64 degrees yesterday, but in sun it felt like summer again.—(Bud Kinman)
